

## CAPE TOWN TO NAIROBI (100 DAYS) COAST TO COAST

**COUNTRIES VISITED: BOTSWANA, BURUNDI, ESWATINI, KENYA, LESOTHO, MALAWI, MOZAMBIQUE, NAMIBIA, RWANDA, SOUTH AFRICA, TANZANIA, UGANDA, ZAMBIA, ZIMBABWE**

### HIGHLIGHTS

- Visit Cape Agulhas, the southernmost point in Africa, the point where the Indian and Atlantic oceans meet
- Take a tour through the vast halls, and towering limestone formations of Cango Caves
- Learn about the world's largest bird - Ostrich
- Travel along the Garden Route and enjoy the vibrant coastal towns
- Hike through the dramatic coastal scenery, reefs, rivers and lush forest Tsitsikamma National Park
- Game drives in search of the Big 5 in Addo Elephant National Park
- Take a mokoro trip into the Okavango Delta and camp out in the wilderness
- View the spectacular Victoria Falls on foot, from the air, from a boat or upside down from a bungee rope
- Search on foot for Black Rhino on a safari through Matobo National Park
- Discover the largest ruins in sub-Saharan Africa, Great Zimbabwe
- Visit a local school, learn local crafts and indulge in local delicacies in the villages on Lake Malawi
- Explore Zanzibar Island beaches and Stone Town's buzzing bazaar and aromatic spice market

- Visit the waterfalls, hot springs, Chaga caves, coffee and banana plantations at the foothills of Mount Kilimanjaro
- Take a 4x4 safari through the Ngorongoro Crater and Serengeti National Park for a chance to see the Big 5

## **INCLUDES**

---

- Accommodation - approx. 97% camping & 3% simple hostel/hotels
- Cape of Good Hope
- Cape Agulhas
- Cango Calcite Caves
- Ostrich farm
- Garden Route
- Addo Elephant National Park - Game drive
- Lesotho
- Drakensburg Mountains
- Royal Natal National Park
- Chobe National Park boat trip
- Private Game Ranch
- Lake Malawi village walk
- Mikumi National Park
- Return ferry to Zanzibar
- 4 nights accommodation on Zanzibar
- Marangu - the foothills of Mt Kilimanjaro
- Meals - approx. 65%
- All transport on Oasis Expedition Truck
- All road tolls and ferry crossings
- Camping and Cooking equipment Services of Oasis Crew

## **EXCLUDES**

---

- Visas
- Optional Excursions as listed in the Pre-Departure Information
- Flights
- Airport Taxes & Transfers
- Travel Insurance
- Meals - approx. 35%
- Drinks
- Tips

## ESSENTIAL INFORMATION

---

### ARRIVAL & ACCOMMODATION

**Trip Joining Point:** Ashanti Backpacker Gardens - Cape Town

**Start Time Day 1:** 08:00

**Address:** 11 Hof Street, Gardens, Cape Town, 7441

**Telephone:** +27 (21) 423 8721

**Website:** [ashanti.co.za/accommodation/backpackers-gardens/](http://ashanti.co.za/accommodation/backpackers-gardens/)

**Email:** [info@ashanti.co.za](mailto:info@ashanti.co.za)

All prices listed are approximate and subject to limited availability.

Room Type	Price	Description
Dorm, from	US\$20.00	Per Person
Single, from	US\$43.00	Per Room
Double/Twin, from	US\$58.00	Per Room
Double /Twin with en-suite, from	US\$83.00	Per Room

**The trip starts from the Ashanti Backpackers at approximately 8am on the morning of Day 1 of your trip.**

Ashanti Backpacker Gardens is situated at the foot of Table Mountain, and within easy walking distance to the City centre. This backpacker hostel has a swimming pool as well as a bar/cafe with mountain views, and a well equipped communal kitchen for those wishing to make their own food. They also have a travel desk where you can book and arrange any of your Cape Town activities.

### PRE-TRIP ACCOMMODATION:

Please book this direct with the Ashanti Backpackers. Accommodation costs are payable direct to Ashanti online or on arrival in South African Rand, £GB, \$US or C/Card.

### AIRPORT TRANSFERS:

**Airport Transfer Costs:** Approximately \$30 USD

If you would like to arrange an airport transfer please contact Ashanti Backpackers directly. This will cost R250 per journey for up to 4 passengers with baggage which is payable directly to the driver. They will require your exact flight details including flight number, to confirm the arrangements. If you book your accommodation online via this site, you can book the airport transfer at the same time.

Flying into Cape Town International Airport (CPT) is quite straightforward. It is approx 25 km from the airport to the centre of Cape Town. English is widely spoken and used for signs / directions. It is possible to change money at all of the banks and forex bureaus in the airport, as well as use the ATM machines.

## **PRE-DEPARTURE MEETING**

There will be a pre-departure meeting in the starting hotel the night before the start of the trip, usually around 6:00pm. There will be a notice in reception advising the exact time and here your crew will explain how the day to day running of the trip works. Your Tour Leader will **collect your Local Payment** money as well as 2 photocopies of your **passport information page, insurance policy details** with policy number and confirmation that the duration will cover you for the entire trip and a **24-hour emergency assistance** telephone number. It is essential that you attend this meeting - please let the UK office or your tour leader know if you are unable to do so.

## **POST TRIP ACCOMMODATION AND AIRPORT TRANSFERS**

Post-trip accommodation can be arranged with your tour leader during the trip or directly with the hotel on arrival. The return airport transfer can be arranged through your hotel / hostel and is not included, it is at your own expense. We regret these services cannot be arranged via the Oasis office before departure.

## **FLIGHT INFORMATION**

You need to arrive at your departure city at least the day before your trip begins. Return flights must be booked for at least the day AFTER the trip is due to end. You may wish to allow some extra time to explore your arrival and departure cities (if you are joining in Victoria Falls - we suggest arriving at least 2 days before if you wish to partake in the many adrenaline activities on offer).

There are many online flight search engines such as [www.skyscanner.net](http://www.skyscanner.net) or [www.ebookers.co.uk](http://www.ebookers.co.uk), flights can also be booked direct with airline websites or through travel agencies. Please inform us of your flight details through your online account, as airport transfers can be arranged for various trips.

**One way ticket:** If you intend to travel on a one way ticket to meet up with one of our trips, without possessing an onward flight ticket - we recommend that you have a copy of your payment

confirmation/receipt (that you will be sent at time of your balance payment) available at immigration to assist easy entry.

**Departure Taxes:** Please check with your Travel Agent or Airline if your flight ticket already includes a departure tax payment out of the country. If it does not - please budget for approx US\$30 to \$70 USD - to be paid in US\$ only.

## PASSPORTS

Your passport must be valid for at least 6 months AFTER your trip finishes. This is a general requirement for all of the countries we travel to on our trips.

If you have dual nationality you can only use one passport for the entire trip. It is your responsibility to ensure you have all the relevant visas you require.

Please bring 2 photocopies of your passport details to give to your tour leader.

Number of blank pages required for the trip, please use this as an approximate guide:

- Kenya - 2 blank pages
- Uganda - 1/2 blank page
- Rwanda - 1/2 blank page
- Tanzania - 1 1/2 blank pages
- Malawi - 1 blank page
- Mozambique - 1 1/2 blank pages
- Zimbabwe - 2 blank pages
- Botswana - 1/2 blank page
- Namibia - 1/2 blank page
- South Africa - 1 blank page
- Lesotho - 1 blank page

## VISAS

The information below is to be used only as a guide and may change without prior notice. It is advisable to contact the relevant embassy in plenty of time before the trip departs to check the current visa requirements. It is **your responsibility** to ensure you have all the relevant visas you require.

Visas obtained at borders and embassies during the trip must be paid for in either USD or local currency CASH ONLY, as stipulated by the relevant immigration officials. Evisas will require payment online by credit or debit card.

Country	British	Irish	Aust	NZ	S.Africa	USA	Canadian
---------	---------	-------	------	----	----------	-----	----------

East Africa Visa	US\$100	US\$100	US\$100	US\$100	US\$100	US\$100	US\$100
Kenya	US\$30	US\$30	US\$30	US\$30	US\$30	US\$30	US\$30
Tanzania	US\$50	US\$50	US\$50	US\$50	Free	US\$100	US\$50
Malawi	US\$75	US\$75	US\$75	US\$75	Free	US\$75	US\$75
Mozambique	US\$50	US\$50	US\$50	US\$50	Free	US\$50	US\$50
Zimbabwe	US\$55	US\$55	US\$30	US\$30	Free	US\$30	US\$75
Botswana	Free	Free	Free	Free	Free	Free	Free
Namibia	N\$1600	N\$1600	N\$1600	N\$1600	Free	N\$1600	N\$1600
South Africa	Free	Free	Free	Required	Free	Free	Free
Lesotho	Free	Free	Free	Free	Free	Free	Free

For more information on other nationalities & visas checkout [www.projectvisa.com](http://www.projectvisa.com)

## Kenya

Most nationalities require an Electronic Travel Authorisation (eTA) to enter Kenya which **must be obtained in advance of travel**.

Travellers need to apply via <https://www.etakenya.go.ke/en>. This will take at least 3 days to process but you can apply up to 3 months in advance, so allow yourself plenty of time in case of delays. You will need to either print a copy of your eTA or download it to your mobile to present on departure at the airport and at immigration at your point of entry into Kenya. You may be denied boarding of your flight to Kenya or denied entry to Kenya if you do not have your copy of your eTA with you.

We know that the Kenyan visa websites often have issues taking payments. If your payment doesn't go through, the process will not have completed. We suggest that you:

- try a different website browser
- check your bank has not blocked the payment
- clear your cookies (if you know how) and try again
- wait a few hours or until the next day, and try again

If your trip travels from Kenya to Uganda and Rwanda and then returns to Kenya, your eTA will still be valid for entry when you return.

If you are travelling on the Trans Africa or Nile Trans expeditions you will apply for your eTA whilst on the trip.

### **Botswana**

Passport Holders from UK, Ireland, Australia, New Zealand, USA, Canada, South Africa and most EU countries will not require a visa to enter Botswana.

Passport Holders from other countries, will need to check the current visa requirements with the relevant consulate, and whether you need to obtain the visa in advance.

### **Lesotho**

Passport Holders from UK, Ireland, Australia, New Zealand, USA, Canada and most EU countries will not require a visa to enter Lesotho.

Passport Holders from other countries, will need to check the current visa requirements with the relevant consulate, and whether you need to obtain the visa in advance.

### **Malawi**

Passport Holders from UK, Ireland, Australia, New Zealand, USA, Canada and most EU countries do not require a visa to enter Malawi.

Passport Holders from other countries, will need to check the current visa requirements with the relevant consulate, and whether you need to obtain the visa in advance.

### **Mozambique**

Currently there is conflicting information available about the Mozambique visa however, passport holders from UK, Ireland, Australia, New Zealand, USA, Canada and most EU countries should expect to require a visa. We will obtain this visa whilst on the trip - please bring 3 recent colour passport photos along with you and have digital copies of your passport and a passport photo in case they are required for your application.

South African passport holders are free of charge.

Passport holders from other countries, will need to check the current visa requirements with the relevant consulate, and whether you need to obtain the visa in advance.

### **Namibia**

- **All trips:**

Most nationalities require a visa costing 1600 Namibian Dollars. This is a new requirement and we expect to be able to obtain the visa at the border.

You can check your nationality at <https://eservices.mhaiss.gov.na/>

## **Rwanda**

Most nationalities require a visa for Rwanda. However, Commonwealth citizens can obtain a free visa on arrival into Rwanda.

We recommend that all travellers who are travelling to both Uganda and Rwanda should apply for an East Africa visa which will cover you for both countries. You must apply for this through the first country you will be entering. So if you will enter Uganda first, apply through this website:

<https://visas.immigration.go.ug/>. If you will enter Rwanda first, apply through this website.

[https://irembo.gov.rw/user/citizen/service/dgie/request\\_a\\_visa](https://irembo.gov.rw/user/citizen/service/dgie/request_a_visa) (scroll down to 'Immigration and Emigration' and select 'Visa application')

## **South Africa**

- **All trips:**

Passport Holders from UK, Ireland, Australia, New Zealand, USA, Canada and most EU countries will not require a visa to enter South Africa.

Passport Holders from other countries, will need to check the current visa requirements with the relevant consulate, and whether you need to obtain the visa in advance. Those who do need a visa and are travelling on a trip that includes Lesotho or Eswatini, will need to make sure that they obtain a multiple entry visa for South Africa as you will be entering and exiting these countries from South Africa.

## **Tanzania**

Passport Holders from UK, Ireland, Australia, New Zealand, Canada and most EU countries will require a visa to enter Tanzania. The current cost is \$50 USD with the visa available on arrival at the border. Passport holders from the USA also need a visa and can obtain it on arrival, but the cost is \$100 USD. Alternatively visas are available in advance via the [Tanzanian government's e-visa website](#). South African passport holders are Free of charge.

Passport Holders from other countries, will need to check the current visa requirements with the relevant consulate, and whether you need to obtain the visa in advance.

For those travelling on the Grand Adventurer, Apes & Lakes and Gorillas, Gameparks & Zanzibar trip, the Tanzanian visa is a Single entry visa and also covers you for Zanzibar.

## **Uganda**

Most nationalities require a visa for Uganda.

Those who are travelling to both Uganda and Rwanda should apply for an East Africa visa which will cover you for both countries. You must apply for this through the first country you will be entering. So if you will enter Uganda first, apply through this website: <https://visas.immigration.go.ug/>. If you will enter Rwanda first, apply through this website

[https://irembo.gov.rw/user/citizen/service/dgie/request\\_a\\_visa](https://irembo.gov.rw/user/citizen/service/dgie/request_a_visa) (scroll down to 'Immigration and Emigration' and select 'Visa application')

## **Zimbabwe**

Passport Holders from UK, Ireland, Australia, New Zealand, USA, Canada and most EU countries will require a visa to enter Zimbabwe. We will obtain this visa whilst on the trip at the border on arrival, a visa can also be obtained at the airport on arrival into Harare and Victoria Falls. Approximate cost for Australian, USA and New Zealand Passport Holders is \$30 USD, British and Irish passport holders \$55 USD and Canadian \$75 USD for a Single entry visa. South African passport holders are Free of charge.

If you are planning on going over to the Zambian side of Victoria Falls from Zimbabwe you will need to obtain a double entry visa for Zimbabwe so that you can return back to Zimbabwe after your day trip. Approximate cost for Australian, USA and New Zealand Passport Holders is \$45 USD, and British passport holders \$70 USD.

Canadians & Irish passport holders are unable to obtain a double entry Zimbabwe visa.

The visa into Zambia is called a Day Tripper visa and is available at the border and only valid for stays of less than 24 hours. The approximate cost is \$20 USD.

For those **joining in Victoria Falls** a UNI-Visa is available at the airport on arrival, which is a multiple entry visa between Zimbabwe and Zambia and costs approximately \$50 USD.

Passport Holders from other countries, will need to check the current visa requirements with the relevant consulate, and whether you need to obtain the visa in advance.

## **Burundi**

Most nationalities require a visa for Burundi. We will obtain this visa whilst on the trip.

## **VACCINATIONS AND HEALTH**

It is possible that you may require some vaccinations for your trip, depending on the areas that you are visiting. As we are not medically trained, we are unable to give detailed advice on vaccination requirements, so please use the information below as a guide only. We have worked closely with **Nomad Travel Clinics** for many years and they offer Oasis travellers a **10% discount** on

vaccinations, anti-malarial drugs, first aid items, clothing and equipment, just enter discount code OASIS1000 at [Nomad Travel](#). Alternatively you can check out the [fit for travel website](#) for more travel health information or consult a reputable travel clinic or your GP for information and advice. We suggest that you allow at least 8 weeks to get all your vaccinations.

**Yellow Fever** - Being vaccinated against Yellow Fever and having a valid certificate and a photocopy is deemed compulsory in nearly all the countries we visit in Africa, especially at certain borders and are needed if you are entering from an infected country. You can view a list of countries requiring a certificate through the [World Health Organisation](#).

**Rabies** - Vaccinations are regularly advised for all countries that we travel through in Africa - especially if time and money are not a deterrent.

**Malaria** - In some of the areas we visit there is a risk of contracting Malaria. You must be aware that whatever malaria prophylactics you are taking, they only offer partial protection. They must be coupled with your own physical efforts against being bitten - which is the best prevention. Malaria-carrying mosquitoes come out at sunset so from this time you should wear long sleeves and trousers. Exposed skin, especially ankles, should have insect repellent containing 'Deet' applied to them. Your crew will advise on where the worst affected areas are on the trip. There are a number of prophylactic malaria treatments on the market & requirements change. It is also wise to take a sample of whichever prophylactic you choose, a few weeks before you leave. This way you may determine early on if you have any adverse reactions so you can change the regimen if necessary. Please consult a reputable travel clinic or GP for advice. For more information visit [www.nomadtravel.co.uk](http://www.nomadtravel.co.uk) or [www.fitfortravel.scot.nhs.uk](http://www.fitfortravel.scot.nhs.uk)

**Dengue** - Unlike the malaria mosquito, which bites at night, the dengue carrying mosquito bites during the day. Some areas we travel to do have occasional outbreaks & it is therefore advised that you take care not to be bitten during the day as well as at night. There is no vaccine available.

**Health** - To join our trips you should be in good general health. Your medical insurance company must be told if you have any pre-existing medical condition / allergy or if you are on any regular medication, otherwise you may not be covered under your policies for these. Our crew will need to know of any medication or conditions you may have. For general health advice log onto [www.nathnac.org/travel/](http://www.nathnac.org/travel/).

## TRAVEL INSURANCE

It is a compulsory requirement that you have adequate travel insurance before you join any Oasis trip and at the very least are insured for all necessary medical and repatriation costs incurred.

You will be asked to provide us with the following details if you have not already done so: travel insurance name, insurance policy number & insurance emergency telephone number. You will also be required to give a copy of your policy with this information to your Tour Leader on arrival with

confirmation that the policy duration is sufficient to cover you for the entire duration of your trip. It is also wise to leave a copy of your insurance policy with a friend or relative for safe keeping.

We believe that your safety and holiday enjoyment are very important. It is a mistake to think that "it will never happen to me". It is also very important that you are covered for all the activities that you may wish to undertake while on our trip. It is extremely important that you check the full extent of your cover related to 24 hour Medical Emergency Assistance. In the event of you needing medical treatment you want to know that you have the best cover available to you. Your policy should include adequate Medical Emergency and Repatriation cover as well as Cancellation, Baggage and Personal Liability cover. You need to be aware of EXACTLY what activities your policy covers you for. Please note that skiing is not usually covered in most insurance policies.

We are happy to refer our UK based travellers to the travel insurance specialists [Campbell Irvine](#) who have a policy suitable for overlanding and which covers most of the adventure and sporting activities on our trips.

For further information, check out the [Travel Insurance](#) section of our website.

### **IMPORTANT INSURANCE INFORMATION FOR THOSE VISITING ZANZIBAR:**

The Zanzibar Government have announced the introduction of a travel insurance policy which will be obligatory for all foreign visitors to the islands, regardless of whether travellers have their own travel insurance in place.

1. The insurance policy is sold by Zanzibar Insurance Corporation.
2. The cost is US\$44 per person.
3. The insurance requirement comes into force on 1st October 2024.
4. The policy must be purchased online at [visitzanzibar.go.tz](https://visitzanzibar.go.tz) and purchases can be made from 1st September 2024.
5. Payment can be made online by debit or credit card.
6. On completion of the purchase, visitors will receive a QR code. The policy documents will be sent to your registered email address.
7. The policy document and QR code must be presented on in Zanzibar. Entry will be refused without this documentation.

To ensure you have a smooth entry, please ensure the above policy is purchased in advance of your arrival.

## **MONEY, BUDGETS AND LP**

### **Local Payment (LP)**

LP is part of your overall trip payment and is the most cost effective and practical way to get hard currency to Africa to pay for a variety of your day to day local costs (i.e. all meals prepared by the group, campsite/hostel fees, gas, and certain activities listed on the trip page) which cannot be pre-paid from the UK. It is a guaranteed amount, set before your trip departs, and unlike 'group kitty' systems we will not ask you to contribute more once the trip is underway.

**Please note:** Your LP is payable to your Tour Leader on the morning of departure in US\$ Dollars CASH ONLY. Make sure that all your notes are in good condition. Old, torn or marked notes are often refused by the banks and we will therefore be unable to accept them either. Please do not bring all of your Local Payment in US\$100 notes and also make sure that they are dated 2013 onwards and do not have a serial number starting with CB.

### **How to bring your currency?**

Past Oasis travellers have fed back that, as a general rule it is best to bring your money in **US\$ dollars cash**, although you could also bring a combination of US\$ & £GB if British pounds are your home currency. It will depend on the exchange rate at the time of your trip as to which currency is better, but we suggest that US\$ are the preferred option for East Africa, whilst £GB can also be easily exchanged in Kenya, Tanzania and Southern Africa. PLEASE NOTE YOU SHOULD DEFINITELY BRING AT LEAST 50% of your money in cash. You will need to pay for your visas and many of the optional excursions using cash and there will be times when you need cash to change into local currency. Some travellers worry about carrying so much cash with them, however all Oasis Overland trucks are equipped with an onboard safe for the security of your money and passport.

We also advise to bring £50 worth of SA Rand in Cash, as this may be needed if we arrive into Namibia or South Africa on a weekend & the banks/ATMs are closed (only if you are travelling to these countries).

**Make sure that all your notes are in good condition. Old, torn or marked notes are often refused by the banks and shops. Please ensure your notes are dated 2013 onwards and do not have a serial number starting with CB.** Scottish pounds are also not accepted.

Please remember that Visas need to be paid for in US\$ CASH ONLY!

### **Spending Money**

From past trips and traveller feedback £100 to £145 per week should cover costs such as some meals out (on average 2 per day are supplied), soft drinks and beers, email & communications, souvenirs and other general spending. Personal spending habits & budgets differ greatly from person to person. Budget on **visa costs** (see visa section above) and **optional activities** separately (see optional excursions page) & allow extra for your **Local Payment** contribution.

### **Changing money**

Change your money only at banks, hotels, airports or forex bureaus. It is illegal to change money on the street, as these people will normally be opportunistic thieves or undercover police. Your crew will advise you where & when you can change money & with what means. It is also a good idea to have a small CASH emergency fund, to allow for the unexpected.

### **Credit & Debit Cards**

If you are intending using your credit or debit card, we suggest taking more than one card with you as you may find that your card is not accepted in the first ATM you try. Visa and Maestro cards are best. **We do not recommend using MasterCard based cards in Africa as they have very limited access through large parts of Africa.** Please note that usually you will be given local currency and NOT US\$ or £GB. We recommend that you inform your bank that you will be using your card abroad to avoid it being blocked. Please see the optional excursions page for activities that can be paid for using a Credit or Debit Card. Commission rates vary between 2-8%.

### **Pre-Paid Travel Currency Cards**

These cards are similar to normal Credit and Debit cards but they can be pre loaded with cash before you travel with a set amount allowing you to withdraw this cash using the card at normal ATMs. It is a more secure way to access cash on your trip, but again do not rely on these as your sole means of funds on a trip - (please refer to the ATM section). Several banks and companies now offer these cards, but be sure to look into the rates for withdrawing cash when making your decision. When using these cards abroad you will use them to withdraw the local currency from an ATM and not the currency that you loaded onto the card.

### **ATMs**

These are available in most major cities along our route and allow you to withdraw local currency only. We discourage you from relying on your ATM card as a primary source of funds in case it is lost/stolen/swallowed, or the machine isn't working. In some destinations we probably won't even see a bank or ATM for days on end so having hard currency to exchange is essential. Besides memorising your PIN, it is also important to be aware of your daily withdrawal limit and bank withdrawal costs. Please note that although Zimbabwe's currency is US Dollars it is not currently possible to obtain USD cash from ATMs or banks due to the country's cash shortage.

### **Tipping**

Is often expected and relied upon. It is often more than a reward for services well done, but, as wages are extremely low, it is an accepted means of supplementing an income. If you would like to leave a tip for any activity/individual, you could organize this as a group and give a tip at the end. A recommended amount for restaurants is usually 10% of your total bill and similar for activities. Some countries also add an extra Government tax on restaurant bills.

Because it can be difficult to know what to tip, and because it has such importance in some areas both economically and culturally, there may be times and activities for which your crew will make it

clear what level of tipping is 'customary/expected'. They may also be quite enthusiastic or assertive in encouraging you to take account of these suggestions. This is motivated by the knowledge of how important tipping can be, and the offence or confusion that can be caused when local people are tipped poorly. In the end, tipping remains at the discretion of the individual, but our crew will continue to advise on normal or average rates, and we would ask you to carefully consider the economic or personal impact of being seen as 'under tipping'. We know that many who travel with us are on a tight budget, but ask you to consider that those we work with locally may also face financial hardship, and also work very hard to try to give you unrivalled service/ experiences.

As a very rough guide, we would suggest that you budget for an amount equal to 10% of the local payment for your trip, plus 10% of the cost of any of the listed optional excursions that you wish to do. The amounts you end up tipping may vary from a rigid 10%, but hopefully this will help you budget in general.

In the past we have been asked by travellers about tipping your Oasis Crew. If you choose to do this, it would be budgeted separately from the above. Our guys work very hard at making your trip a great travel experience. Working overseas can often be challenging and they are pretty much on call for you 24 hours a day, so it's appreciated as a thank you for hard work and good service, but of course not mandatory. Our suggestion is to budget around US\$1 a day.

## **CLIMATE**

In East Africa (Kenya, Uganda, Tanzania) the year is loosely divided into the 'short' rains (November) and the 'long' rains (March to May). The 'rains' usually last for one or two hours each day followed by hot sunny weather. Nights can be surprisingly cold at higher altitude in western Uganda, Ngorongoro Crater & The Rift Valley.

In Southern Africa (Malawi, Zimbabwe, Botswana, Namibia and South Africa) the 'dry' season is April to October when the nights can be quite cold, particularly in June and July when it is very cold at night. Day temperatures are very pleasant at this time, usually mid 20s (°C). From November to March the weather is hotter and there is summer rainfall, although this is very intermittent when it may not rain for months, or it can rain for a day at a time. [View African Climate Chart](#)

## **WHAT TO TAKE**

The less you take the less you have to pack, wash & lug home & you can always pick up extras along the way. Most people make the mistake of bringing too much. Clothes washing or laundry facilities will be available at least once a week. You will be travelling in the heat & camping in the cold, so bring clothes for all climates; rough stuff is best. Pack according to season: summer is very hot in places & winter can be very cold with occasional frost overnight in the south. (May to Aug can be very cold in Southern Africa). Make sure that you bring your gear in a 70-90L rucksack or holdall - suitcases are not suitable.

<b>Equipment</b>	<b>Toiletries - Most available to buy on trip</b>
<ul style="list-style-type: none"> <li>• Sleeping Bag - 3 to 4 season bag, depending on season, &amp; sleep sheet</li> <li>• Foam sleeping mat or thermarest &amp; repair kit</li> <li>• Small day-pack or small bag to carry daily items</li> <li>• Soft rucksack or holdall (NOT rigid suitcase)</li> <li>• Water bottle - for personal use - we recommend Water-to-Go (see below Responsible Travel)</li> </ul>	<ul style="list-style-type: none"> <li>• Soap, shampoo, toothbrush/paste, antibacterial hand wash, lip balm &amp; moisturiser</li> <li>• Sun block 35 + after sun, hat &amp; sun glasses <ul style="list-style-type: none"> <li>• Tampons (can buy in most places)</li> <li>• Contraception</li> </ul> </li> </ul>
<b>Clothes</b>	<b>Personal Effects</b>
<ul style="list-style-type: none"> <li>• One pair of trainers or boots</li> <li>• Sandals/flip flops/jandals/thongs</li> <li>• Underwear/socks</li> <li>• T shirts/shirts</li> <li>• Shorts/swimwear</li> <li>• Jeans/trousers/jog pants/leggings</li> <li>• Skirt or dress</li> <li>• Sweat shirt/jumper</li> <li>• Jacket/fleece &amp; waterproof jacket</li> </ul>	<ul style="list-style-type: none"> <li>• Camera with protective case, spare batteries, film/memory card <ul style="list-style-type: none"> <li>• Torch &amp; spare batteries (head torch is best)</li> </ul> </li> <li>• Travel adaptor plug/charger (for cameras &amp; mobile phone batteries) <ul style="list-style-type: none"> <li>• Money belt</li> </ul> </li> <li>• Personal stereo - there is a stereo on the truck with iPod/MP3 adaptors <ul style="list-style-type: none"> <li>• Towel &amp;/or sarong</li> </ul> </li> </ul>
<b>Recommended Medical Kit List</b>	
<ul style="list-style-type: none"> <li>• Antiseptic ointment/Antihistamine cream &amp; tablets</li> <li>• Nurofen or equivalent pain-killer</li> <li>• Eye-drops/bath</li> <li>• Anti-diarrhoea treatment</li> <li>• A couple of bandages (elasticated &amp; triangular)</li> <li>• Medication for personal allergies/asthma etc</li> <li>• Insect repellent containing Deet</li> </ul>	<ul style="list-style-type: none"> <li>• Some suitable antibiotics as recommended by your doctor for infected cuts or to treat severe dysentery <ul style="list-style-type: none"> <li>• Rehydration sachets/vitamin tablets <ul style="list-style-type: none"> <li>• Assorted plasters</li> </ul> </li> <li>• 1 Course of malaria treatment</li> </ul> </li> <li>• Malaria Tablets - see Vaccinations &amp; Health section</li> </ul>

Even though our trucks are equipped with a comprehensive medical kit, we advise you to bring a small personal medical kit as our truck kit is not for general everyday use. It will also be your responsibility to carry your kit on included excursions and optional activities as some local operators may not have medical kits to hand.

## PHOTOGRAPHY AND ELECTRICAL EQUIPMENT

**Cameras (incl. Digital & Video Cameras)** - An easy to use 'point and shoot' will get you some good photos. For memorable shots, it may be worthwhile investing in an SLR camera, but be sure to get some practice in before the trip! Most towns and cities have internet cafes where you can download onto CD/internet sites - but don't rely on it. Internet speeds can be slow for uploading photos to social media or the Cloud.

**Photography** - Be aware of your surroundings when taking photographs and filming. Some locations will be sensitive or have local laws banning photography. For example it is usually forbidden to use cameras at borders or around government buildings, military installations, bridges and airports or to take photos of local officials. If you do take photos or film where it is not permitted you may find yourself being questioned by irate officials who may decide to confiscate your camera or instruct you to delete all the images/footage on your device. If in doubt ask for permission, or if there is no-one to ask use some common sense.

**Drones** - As the use of drones becomes more common, countries throughout the world are gradually updating their laws and restrictions on usage. The specific regulations will vary from one country to another, so do check the UK Foreign and Commonwealth Office advice for the latest information. As with cameras, use your common sense if you do use a drone and avoid operation in sensitive areas. If you plan to bring a drone on your trip with us please contact us first to ensure there will be a suitable place to store it while on your trip.

**Electrical charging & power supply** - It may be difficult to find a power source for charging at times, so a spare battery is a must.

Consider a 12V in-car charger (our vehicles are equipped with a couple of 12 volt cigarette lighter charger sockets - truck trips only) or bring along your 230V mains charger and travel adaptor plug for use at some of the hotels, hostels and campsites we stay at.

NOTE: 12V - 230V inverters cannot be used on our vehicles because of the power drain they cause.

Log onto [www.whatplug.net](http://www.whatplug.net) for information regarding the different electrical plugs and voltage used in each country.

## CONTACTING HOME

The internet and WiFi are available in many towns / cities you will visit. Do bear in mind that the connections can be unreliable and will not always be as fast as you are used to at home. If a lot of people try to use the internet at the same time the speed will be slower still, especially if trying to make Skype calls or upload photos / videos. During periods of the trip where we are wild camping, internet will be less common.

Some travellers choose to take an unlocked mobile phone with them and buy local SIM cards in each country, allowing them to use mobile data. If you particularly want or need regular internet access this may be a good option. Telephone calls can be expensive usually £1 to £5 for a three minute call.

**Online Diaries** - A great variety of free "travel blogs" are now available online, they are a good way of keeping relatives and friend up to date with what you are doing and a good place to upload photos, collecting messages as well as keeping a record for yourself.

## RESPONSIBLE TRAVEL

## Before you go

- Remove unnecessary packaging before you go - waste disposal facilities are often stretched or non-existent in the places we visit. To avoid unnecessary pollution of local water supplies take environmentally friendly toiletries with you.
- Why not invest in a wind-up or solar-powered torch or media player before you travel or at least rechargeable batteries.
- Learn some of the local language and read up on the local history/culture before you go. You'll get so much more out of your trip.
- Why not pack some pens/pencils exercise books in your rucksack and they can be donated to a local school or project while you're away. You can also purchase these items cheaply, locally which will help local businesses.
- Take a sturdy water bottle with you from home that you can re-use throughout your trip. We carry large quantities of purified water with us on our Expedition vehicles and it is much better for the environment if you drink this, rather than purchase bottled water along the way. (It also saves you money).
- Water-to-Go: Oasis Overland have partnered with Water-to-Go to help reduce the number of plastic water bottles consumed during a trip. Water-to-Go is a filtration system that eliminates over 99.9% of all microbiological contaminants including viruses, bacteria, chemicals and heavy metals from any non-salt water source. Click [here](#) and enter the code OASIS15 to purchase your [Water-to-Go](#) products at 15% discount. Water-to-Go will then donate a further 15% to Oasis Overland Charity projects.

## While you're travelling

From experience gained in running trips, we have developed our own practical and manageable environmental policy which all of our crew practice on the trips we operate, and they will share this information with you at the start of your trip. We welcome your input on this, plus any new ideas you may have, to improve our existing procedures. As a guide here's a few tips to bear in mind.

- Don't waste water. It is a scarce resource in many of the places our trips visit. On all our Ultimate and Overland Expeditions we carry large quantities of purified water with us. We encourage you to refill your own water bottles from this supply, rather than purchase bottled water along the way - much more environmentally friendly and saves you money.
- Never buy endangered species or endangered habitat products. Apart from the fact of it being illegal it also encourages the trade to continue.
- Look after and preserve the areas we visit. Be careful about stepping on coral reefs or trekking on undesignated tracks.
- Buy locally made crafts and products helping to support the local economy.

- Don't feel when bargaining that you have to get the cheapest price possible just for the sake of it. Pay what the item is worth to you & don't worry about what someone else has paid.
- Try the local food and drinks - this will help to support local farmers and food sellers. Sitting in a local cafe is also a great way to meet local people.
- Dispose of litter appropriately on your trip. This includes cigarette butts. Not only does litter look unsightly it can be lethal to wildlife.
- Where any toilet facilities exist, however unsavoury they might seem to you, they should be used. Where they do not, always bury your waste and make sure it is never near (at least 30m) a water source.
- When game viewing do not encourage your guides to get too close to the wildlife so that their natural behaviour is impeded.
- Respect local customs, traditions and beliefs of the people in the different regions that you travel through.
- Do not take photos of people, ritual events or special places unless you have asked first. Dress appropriately according to local codes and show respect around religious festivals.
- Recycling is almost non-existent in many of the areas and countries we visit - we do the best we can with limited resources & space on our vehicles.
- For books dedicated to travelling more responsibly & ethically see: [www.tourismconcern.org.uk](http://www.tourismconcern.org.uk)

**Community Projects** - Oasis are active in raising awareness and providing support to a number of projects and local schools where we believe we can make a positive difference. More information on the [projects we support](#).

## SECURITY

The UK Foreign and Commonwealth Office (FCO) offer country-specific advice, regarding not only security but also entry regulations, local laws and customs and health. We strongly recommend all travellers visit the FCO website, or the equivalent in their home country, to familiarise themselves with local conditions and issues in the countries they plan to visit before committing to a trip with us. You can view their website [here](#).

If you have any questions at all about the safety or security of your trip, please do not hesitate to contact us and we will be happy to discuss your trip in more detail.

**In cities** - All major cities have their share of petty crime (just like our cities) and sensible precautions need to be taken. Wearing expensive looking jewellery or watches and carrying cameras will draw unnecessary attention to you. Leave valuables such as passports and excess money in your hotel safe or truck safe (we recommend carrying a copy of your passport details page at all times). You may find a simple money belt is more discreet than a bag. Always be aware of your surroundings and when approached by people you do not know, use your common sense. At night in cities it's best to use a taxi, rather than walking around the streets, single women in particular need to be careful and we would suggest that it is safer to be in a group.

**On board the truck** - Each vehicle is fitted with a hidden, lockable safe to be used for money, passports and important documents. Group members will be responsible for the safe and Oasis Overland cannot accept any liability for clients' personal or monetary contents kept in the safe or on board the truck. We advise you to not take items of value that are not essential for the journey. In certain areas a roster may be drawn up for the group to share the task of guarding and keeping the vehicle secure.

## **ADDITIONAL INFORMATION**

### **Gorilla Trekking Permit**

On our trips to Rwanda & Uganda, the opportunity of being up close and personal with a family of highland Mountain Gorillas, has to be classed as one of the most amazing wildlife encounters in Africa. You may see a variety of monkeys, chimpanzees and buffalo on the hike as well.

Accompanied by park rangers, you will track these rare, gentle giants who live on the forested slopes of the Virunga Mountains or Bwindi Impenetrable Forest National Park. Full payment is required at the time of booking and is subject to availability. Once requested your permits cannot be refunded or exchanged.

**Trekking the Gorillas** - The trek to find the Gorillas can take several hours and you will need to be in reasonable physical shape. For much of the trek you will be in high grass or thick vegetation & it could well rain, so wear protective clothing (to prevent being scratched) & waterproofs as well as good walking boots or shoes. Once your guide has located the Gorilla family you will be permitted to view them for strictly 1 hour. A maximum of one group of eight people per day are able to visit each Gorilla family. Your group will be accompanied by a tracker/guide & an armed park ranger. Time passes quickly when you are with your Gorilla family so remember to put away your camera and enjoy the experience for what it is rather than through your viewfinder. If we view the Gorillas from Uganda there is the opportunity to paddle out onto Lake Bunyoni in canoes and visit some of the nearby islands, or hire mountain bikes to visit nearby villages & schools. From Rwanda there will also be an opportunity to visit the genocide memorial in the capital Kigali, which is a moving and humbling experience. Please bear in mind that Mountain Gorillas are wild animals and as such there is no guarantee that you will see them. That said however, we have never had this happen on previous trips. For the protection of the Gorillas, if you are ill on the day of the trek you will not be permitted to trek (this decision is made by the rangers and wildlife authority staff alone), if there are permits and time allows with our itinerary, it may be possible to trek the following day at very little or no extra cost - this will be dependent on receiving permission from the local authorities and regulations at the time. There are no refunds or transfers under ANY circumstance for cancellation, no show or non allowance to trek.

**How to request a Gorilla trekking permit** - In order for us to confirm your Gorilla Permit, it is essential that you notify us of your interest in trekking at the same time as making your booking. This can be done by just adding the Gorilla Permit to your trip at the time of booking. Once requested your permits cannot be refunded or exchanged. We make reservations many months in advance (sometimes as early as 6 months for some dates).

The cost of securing a Gorilla Trekking Permit in advance through our local sources is payable in full to Oasis overland at the time of booking. Once requested your permits cannot be refunded or exchanged. This cost incorporates the permit cost (paid to the relevant wildlife authorities locally) and

service/bank fees/transport/communication costs incurred by our local agent in order to secure your permit in advance.

Due to the popularity of trekking to the Mountain Gorillas and the limited availability of obtaining trekking permits, the Wildlife Authority responsible for organizing the permits require the following details before confirmation is granted;

- Your full passport details
- Guarantee of Full payment

**Please note:** Please be aware that before your departure, the cost of the trekking permit may change. This may be due to currency fluctuations & / or price increases by the local wildlife authority. Transport from our base in either Uganda or Rwanda to the starting point of your trek is not included in the above permit cost - which will account to an average of \$40 US pp (dependent on the number of people trekking). Please note that transportation to the trek start point will be included in the permit price from 2025.

**Just add this on to your trip when booking!**

### **Serengeti & Ngorongoro Crater 3 day / 2 night Safari**

On your Oasis Overland trip through Tanzania, you have the opportunity to go on a guided safari in the world-renowned Serengeti National Park & Ngorongoro Crater Conservation Area. This add-on needs to be booked and paid for in advance, so that we can have all the appropriate arrangements ready and in place for you. Once requested and paid for, this option cannot be refunded or exchanged.

For this safari you shall be collected in 7 seat safari vehicles, early in the morning from Meserani Snake Park, where you will be staying on your Oasis trip. You will then be driven into the Serengeti and enjoy an afternoon game drive en-route to the Seronera area in the heart of the park where you will camp and stay overnight at Seronera campsite.

The following morning you will have an early wake up & breakfast, before heading out to do an early morning game drive. After lunch, another game drive follows as you head towards the rim of the Ngorongoro Crater and overnight at the Simba campsite.

The following morning we start early again and have a full morning exploring the Ngorongoro Crater, the largest intact caldera in the world. We will descend the forested crater rim into the central plains which teem with possibly the highest concentration of wildlife in all of Africa. Excellent sightings of a huge range of species are guaranteed. After a picnic lunch, we will then leave the park and drive back to re-join the truck.

If you choose not to take this option, you can remain behind at the Snake Park. From here various activities are available in the local area, including visits into the Snake Park itself, visits to Masai villages, or day trips into the Serengeti (you won't see nearly as much on these day trips though as you will spend a significant portion of the day just driving there and back).

Please note: The above safari is fully inclusive of all meals while on safari, transport in purpose built safari vehicles with maximum 7 people plus a driver/guide, park entrance and conservation fees to Ngorongoro Crater and the Serengeti, as well as camp fees. You will take your Oasis tent and your camping gear with you. A minimum of 4 travellers is required for this safari to operate. Please be aware that up to 2 months before your departure the cost of this Add On could change. This would only be due to currency fluctuations or price increases by the Tanzania Parks Authority. The order of the arrangements and campsites used is also subject to change.

**Just add this on to your trip when booking!**

### **African Wildlife and the Migration**

**Wildlife** - View a [chart](#) detailing what animals you may see in the various gameparks and reserves we visit between Nairobi and Johannesburg.

**The Migration** - The '[Great Wildebeest Migration](#)' has to be one of the most impressive wildlife spectacles in the animal kingdom. For those lucky enough, this once in a lifetime experience can be viewed in the surrounds of The Serengeti National Park/Ngorongoro Conservation Area of Tanzania and the Maasai Mara of Kenya and can be done before our after your trips with us.

### **TRAVEL INSURANCE**

It is a compulsory requirement that you have adequate travel insurance before you join any Oasis Trip, and at the very least are insured for all necessary medical & repatriation costs incurred if you need them.

You will be asked to provide the following details on the Traveller Information Form that you send in to us after making your booking. If you have not already done so: travel insurance name, insurance policy number & insurance emergency telephone number. You will also be required to give a copy of your policy with this information to your Tour Leader on arrival with confirmation that the policy duration is sufficient to cover you for the entire duration of your trip. It is also wise to leave a copy of your insurance policy with a friend or relative for safe keeping.

We believe that your safety and holiday enjoyment are very important. It is a mistake to think that "it will never happen to me". It is also very important that you are covered for all the activities that you may wish to undertake while on our trip. It is extremely important that you check the full extent of your cover related to 24 hour Medical Emergency Assistance. In the event of you needing medical treatment you want to know that you have the best cover available to you. Your policy should include adequate Medical Emergency and Repatriation cover as well as Cancellation, Baggage and Personal Liability cover. You need to be aware of EXACTLY what activities your policy covers you for. Please note that skiing is not usually covered in most insurance policies.

We offer tailor made Overland Adventure Travel Insurance that covers most of the adventure and sporting activities on our trips.

For further information on the insurance we offer, the activities covered and costs, check out the [Travel Insurance](#) section of our website. UK residents can purchase the insurance we recommend directly through [Campbell Irvine](#).

### **RESPONSIBLE TRAVEL**

#### **Before you go**

- Remove unnecessary packaging before you go - waste disposal facilities are often stretched or non-existent in the places we visit. To avoid unnecessary pollution of local water supplies take environmentally friendly toiletries with you.
- Why not invest in a wind-up or solar-powered torch or media player before you travel or at least rechargeable batteries.
- Learn some of the local language and read up on the local history/culture before you go. You'll get so much more out of your trip.
- Why not pack some pens/pencils exercise books in your rucksack and they can be donated to a local school or project while you're away. You can also purchase these items cheaply, locally which will help local businesses.
- Take a sturdy water bottle with you from home that you can re-use throughout your trip. We carry large quantities of purified water with us on our Expedition vehicles and it is much better for the environment if you drink this, rather than purchase bottled water along the way. (It also saves you money).

- Respect local customs, traditions and beliefs of the people in the different regions that you travel through.
- Do not take photos of people, ritual events or special places unless you have asked first. Dress appropriately according to local codes and show respect around religious festivals.
- Recycling is almost non-existent in many of the areas and countries we visit - we do the best we can with limited resources & space on our vehicles.
- For books dedicated to travelling more responsibly & ethically see: [www.tourismconcern.org.uk](http://www.tourismconcern.org.uk)

## WHAT TO EXPECT

---

### LIFE ON THE ROAD

The Oasis truck will be your new home giving you a comfortable, secure base with which to experience your trip. As part of the adventure you will be expected to have an active involvement in the day to day running of the trip, be part of the group and get stuck in and help with various tasks, whether it's cooking meals over open fires, pitching your tent or keeping the truck clean and tidy.

### Seatbelts

All Oasis Overland trucks are fitted with seatbelts. For your own safety and security we recommend that travellers wear these at all times whilst the vehicle is moving. Our overland trucks in Africa also have a 'beach area' which is a chill out zone to be used when the truck is not moving.

### Accommodation

**Camping** - Oasis uses roomy three-person tents but only for two people. They are specially made for us to meet the tougher conditions of an overland trip and have mosquito netting sewn into the door and windows. Tents are shared (between two people of the same sex from your group unless you are a couple). We spend some nights bush or desert camping and the rest of the time in campsites. Facilities and standards at campsites vary, some are well equipped and managed and some are very basic. At bush camps you will be living off the truck, so there will be no showers or en-suite facilities! At certain campsites there is the opportunity to upgrade to a private room at your own expense if you are missing your bed.

**Lodges / Hostels** - At some locations we will stay in lodges and hostels that are small, locally run establishments. The accommodation will vary depending on the rooming available, from dormitory style rooms, to twins/doubles or triple rooms. Upgrades may be available on arrival, but cannot be reliably pre-booked. Please refer to the individual trip inclusions for the percentage break up of your accommodation.

## During the day

As a guide, driving days normally start at about 8am and finish at about 5pm, with stops for lunch and buying food, seeing local sights etc. We won't be driving every day, although there are times when we will drive for two, but we will then stop for a few days and you will have free time to explore, meet local people, do some optional activities or just relax and do your own thing. Expect to sometimes get dusty & dishevelled during the day and although you will be able to shower most nights (except at bush camps), not all camps will have hot showers.

## Meals & cook groups

When 'on the road' or camping, we usually cook using gas or over open fires in a rota system and you can expect to cook in a group of two or three people approximately once every ten days depending on the number of people on trip and whereabouts you are. Your cook group will have to decide on what to cook, utilise stocks from the truck stores and locally obtain ingredients from markets, shops etc. and rustle up a meal. But don't worry if you're not a Gordon Ramsay as the rest of the group and the Tour leader usually lend a helping hand. Here is an idea of what to expect at meal times:

**Breakfasts:** Usually simple - we help ourselves to cereal, toast, hot drinks and on occasion we will splurge with a cooked breakfast.

**Lunch:** Cold and usually quick. The cook group will put out bread, tinned supplies and maybe make a salad.

**Dinner:** Cooks come into their own in the evening, and will always attempt to cook up some delights. When the truck is parked up for a few days in a town or city most people usually like the option to eat out at local restaurants - so we often don't cook all meals when at these locations.

**Vegetarians / Vegans / Coeliacs / Gluten & Lactose intolerance** - Our Tour Leaders will always do their best to cater for any dietary requirement or intolerance whenever possible. However we do not cater for fussy eaters. It must be remembered that the variety of dishes available may not be the same as available to meat eaters. If there is anything in particular you require in your diet or because of an allergy or would miss from home, it would be best to bring these with you, as these cannot be purchased with normal Local Payment funds due to the high cost of these specialised and often imported foods.

Remember that when eating out in local restaurants & hotels that vegetarianism or food allergies / intolerances, are still not widely known about or understood by many local people. i.e Vegetarians or Vegans will often be offered fish or chicken in error. Most large towns and cities, or areas used to tourists, will often have more choice but please be aware that it will probably not be as varied as you are used to when eating out at home.

## In the evenings

When at a bushcamp or campsite where you and your tent buddy will put up the tent, and then lend a hand with getting out the tables, stools, firewood and water containers. The fire grates need to be taken out, the fire lit and someone can fill the kettle and make hot drinks while the cook group prepares the evening meal. Then just sit back & chill and enjoy the rest of your evening!

## **Oasis Crew**

We usually have two crew whose duties are extensive and quite demanding, with challenges ranging from driving and maintaining the expedition vehicle to a high standard, to organising visas and border crossings, arranging accommodation, pre-booking some excursions and guides, helping with shopping and cooking as well as finding the best deals, socializing and making sure everything runs as smoothly as possible. While our crew are usually experienced and knowledgeable they are not tour guides as such. Our trips pass through many countries and our tour leaders cannot be expected to have detailed knowledge of each country's history, flora and fauna and archaeological sites. Even so - they will be more than willing to pass on any interesting and useful information that they have acquired whilst on the road. A rewarding way to gain a better insight into the wildlife, cultural and historical diversity of the countries we travel through is by reading guide books as well as talking to the local people and using local guides.

Adventure travel can be unpredictable and occasionally our crew may have to amend the itinerary to take into account changing local circumstances or because of a delay at a border or because of circumstances outside our control. This can all lead to additional work and commitment for our crew who will do all they can to minimize any disruption to the trip. While our crew are essentially on call 24 hours a day 7 days a week, it has to be remembered that no one is actually expected to work these hours, so at Oasis we are realistic that within a trip there will be times when our crew need 'down time' and a chance to relax and 'let their hair down' as well. They are only human!

## **Itinerary**

Because Oasis Overland do not operate normal 'package holidays' the itineraries given cannot be guaranteed to run exactly as outlined. However, it is rare that we have to make major changes and in the event that we do this will be discussed with you either before or during the trip. It is important to bear in mind that should it not be possible to enter a certain country due to safety concerns, visa problems or political turmoil etc, and it becomes necessary to fly over a country in order to continue a trip, that all costs for flights will be borne by you and not Oasis. Should it not be possible for an Oasis trip to begin from a scheduled starting city due to border closures, civil unrest etc, Oasis will make all reasonable efforts to begin the trip from an alternative location. However, all additional costs that you may incur in travelling to the alternative location will be paid by you or your insurance company and not Oasis.

## **TRIP ITINERARY**

---

### **CAPE TOWN TO LESOTHO**

We depart from Cape Town taking a leisurely drive along the coastal road to the quaint coastal town of Betty's Bay in the Overberg and visit Stony Point Nature Reserve, home to a unique colony of African (Jackass) penguins. The Penguin Colony is one of only three mainland-based colonies in South Africa and for this reason it is treasured.

We overnight in Hermanus/Gansbaai and the next day there are a number of marine options- **Whale watching, Shark Cave Diving and Dyer Island Nature Reserve**. From here we will head for the most southern tip of Africa at **Cape Agulhas** - which is the dividing line between the warm Indian Ocean and the cooler Atlantic Ocean. The seas around Cape Agulhas are very treacherous and have caused numerous shipwrecks. To help reduce fatalities the **Cape Agulhas Lighthouse** was built in 1848 and is the 2nd oldest working lighthouse in South Africa. From August to December **Southern Right and Humpback Whales** may be spotted along the coast - as they feed in the nutrient rich waters off the southern coast.

From Cape Agulhas we pass through the **Outeniqua Mountains** to the **Little Karoo** - we will visit an **Ostrich farm** to learn more about the world's largest bird. The Ostrich has been around for 8 million years and a feather was actually discovered in King Tutankhamun's tomb in Egypt. 97% of the world's population of Ostriches lives in the Karoo.

We will also explore **Cango Calcite Caves** recognised as one of the world's finest network of Calcite caves. The bizarre formations of Stalagmites and Stalactites represent over a million years of slow formation.

We spend two days winding our way along South Africa's famous **Garden Route** where there is a wealth of things to see and do. We travel through the popular resort of **Knysna**, located on a tranquil lagoon that is protected from the sea by two enormous cliffs known as 'the heads'. We visit the **Tsitsikamma Forest**, where you will be able to hike along the coast and view the crashing waves at the mouth of the scenic **Storms River**, and maybe spot **dolphins and whales** in the ocean. Optional excursions in this region include **mountain biking, black water tubing, and the mother of all bungee jumps** at Bloakrans Bridge - the highest jump in the world at 216 metres.

From the Garden Route we head inland to **Addo Elephant National Park** which has recently been extended to include part of the coast and is now home to the **BIG 7 - lion, rhino, elephant, leopard, buffalo, whale and shark!** On our game drive we hope to spot some of the many elephant that the park is famous for, which are the most southerly population in Africa.

Heading north we make our way towards the mountain Kingdom of Lesotho.

## LESOTHO TO ESWATINI

**Lesotho**, often referred to as 'the kingdom in the sky'. This little country is completely surrounded by South Africa and is covered by mountains from 1000m to 3000m high. The scenery here is tremendous and the mountain air crisp and fresh. Here we will see Lesotho's horsemen dressed in their blankets and gumboots trotting around the hillsides. We spend a couple of nights at **Malealea**

**Lodge**, Lesotho's most famous countryside retreat tucked up high in the mountains. Here there are isolated waterfalls, cool rock pools ideal for swimming, and peaceful hikes in the surrounding hills. This is also a great place to try **pony trekking** - one of the best ways to enjoy the scenery is atop a sure footed Lesotho pony.

We drive through the lowlands of Lesotho and visit **Thabo Bosiu** or **Mt. Moorosi** with a local guide (time & weather permitting). This mountain stronghold was the home of Chief Moshoeshe, the founder of the Basotho nation. We continue through Lesotho's tiny capital Maseru, and re-enter South Africa.

**Royal Natal National Park** on the edge of the **Drakensburg Mountains** has an impressive natural **Amphitheatre** of massive rock walls. The **Tugela River** plunges spectacularly over the edge of the Amphitheatre wall, dropping around 800m through a series of five falls. There are over 130km of walking trails around the park-many of which are easy, half day strolls, through beautiful countryside of grassland dotted with patches of yellowwood forest and proteas set against the stunning backdrop of the Amphitheatre.

Heading east now, we reach the coast and the small town of **St Lucia**, famous for having the largest estuary in South Africa, plus the country's highest concentration of hippos and crocodiles. Indeed the hippos can sometimes be seen walking through the streets at night. Boat trips to see the hippos and more wildlife are available, as well as safaris into the nearby **iSamangaliso wetlands** and **Hluhluwe/iMfolozi National Park**. Next we head north for the tiny country of **Eswatini**

## ESWATINI, KRUGER AND MAPUTO

While in Eswatini we visit the **Miliwane Wildlife Sanctuary** from where you can take walking, horseback or mountain bike safaris amongst the abundant wildlife. Another hike is available at **Sibehe Rock**, one of southern Africa's most impressive geological features.

From Eswatini we head into the southern extent of the iconic **Kruger National Park** to search for the Big 5 in one of the world's best wildlife areas. We will also drive part of the **Panorama Route** before crossing into **Mozambique**.

Our first stop is then in the lively capital **Maputo**, which is home to Portuguese colonial architecture, a fortress, cathedral and art museum all worth visiting. In the evenings we can take advantage of Maputo's reputation as one of the best places to go out in southern Africa, visiting some of the salsa bars, sidewalk cafes and nightclubs.

## MAPUTO TO VILANCULOS

Leaving Maputo we head up the coast to the port towns of **Xai-Xai** which sits by the banks of the Limpopo River. There are good beaches with a coral reef just off shore providing protected swimming and snorkelling waters. The popular town of **Vilankulos** is next and we spend a few days here relaxing and taking advantage of the activities on offer. These include local dhow cruises, and snorkelling and diving safaris into the **Bazaruto National Park**. This can be a good place to see

manta rays, whale sharks, turtles and hump back whales in season. It is also one of the few sites where the rare **Dugong** lives.

## VILANCULOS TO BULAWAYO

**Zimbabwe** is our next destination, and **Gonarezhou National Park**, named 'The Place of Elephants'. As well as over 11,000 elephants, the park hosts a wide range of other wildlife that can be seen on safari.

We make our way through the Eastern Highlands of Zimbabwe, and visit **Chimanimani National Park** where you have the opportunity to take a hike through the mountain wilderness area, or hike to the nearby bridal veil falls, or simply enjoying the stunning surroundings from this sleepy village whilst strolling through the village market. We may also have time to visit Vumba Botanic Gardens.

Another stop is at the **Great Zimbabwe Ruins**, once the greatest medieval city in Sub Saharan Africa and where the name **Zimbabwe** is derived, literally meaning house of stone. We then travel across **Mashonaland** to **Bulawayo** where you have the option for a day to venture into **Matobo National Park** with a local safari company. You will have a unique chance to get out on foot to try and spot the elusive **Black Rhino - amongst other game**. There is also the opportunity to visit **Cecil Rhodes' grave and Ancient Rock Paintings**.

## BULAWAYO TO THE OKAVANGO DELTA AND CAPRIVI STRIP

We leave Zimbabwe and cross into **Botswana**, first passing the town of Nata with its bird sanctuary and then driving past the Nxai Pan National Park and **Makgadikgadi Pans National Park**. These salt pans are the largest in the world, and an eerie and awe inspiring sight.

We'll continue on the **Trans-Kalahari highway** towards Maun, the gateway to the **Okavango Delta**. Here you will have an opportunity to leave the truck to venture into the Okavango Delta. Local poler guides will navigate the extensive waterways using canoes similar to their traditional Mokoro's (dug out canoes). This is a great experience - and the best way to have a chance of seeing the elusive wildlife of this unique desert oasis. You will have a number of opportunities to go on **game walks with rangers - giving you the chance to see elephant, crocodile and hippo** up close and personal. The Okavango Delta is one of the world's largest inland waterways and its calming serenity will leave those who experience it feeling supremely relaxed. There is also the opportunity to experience the heights of African adventure travel too: see the delta from the air during an hour-long flight.

From Maun we head north and cross into **Namibia** and explore the **Caprivi Strip**. This is a narrow strip of land between Botswana and Angola & Zambia, comprising the head of the Okavango Delta where more boat trips and safaris are available. Heading east we re-enter Botswana and spend the night on the outskirts of the **Chobe National Park** - famous for its hordes of Elephants, as well as an abundance of other wildlife. You will have a chance to spend the afternoon on the Chobe River - a less intrusive way to view game and wildlife - as well as the Namibian frontier across the river.

Crossing into **Zambia** - we stop for several days at **Livingstone**, right next to one of the adventure playgrounds of the world - **Victoria Falls**.

## **VICTORIA FALLS TO LILONGWE**

There is something here for everyone in **Victoria Falls**; A day trip over the Victoria Falls bridge to view the falls from Zimbabwe, Flight of Angels - a great way to get a birds eye view of the falls in a light aircraft or helicopter, Sunset Boat Cruises or a more sedate Canoe trip, to the adrenaline packed Gorge Swing, Abseil or a chance to experience one of the highest commercial Bungee Jumps in the world.

After your adrenaline has been spent, we will head north through Zambia to Lake Kariba which is the largest artificial lake in the world, and also has the biggest man-made dam on the planet too, 226km long and up to 40km wide! At **Siavonga** there is the option to spend the night on a **houseboat** on the lake, watching over crocodiles and hippos and perhaps doing some fishing.

Further north we stop at **South Luangwa National Park** which has one of biggest concentrations of wildlife in all of Africa, especially around the Luangwa River and its oxbow lagoons. The park is well known for its **walking safaris**, and one of the few places you can get up close with such a wide range of wildlife in Africa on foot.

We leave Zambia now and cross into **Malawi**.

## **LILONGWE TO ZANZIBAR**

Our first stop in Malawi is the capital **Lilongwe** in the south of the country where we stop for the night. This will give you the opportunity to post gifts home or check out the local markets.

Passing through lush mountainous landscape and plantations we are soon following the coast of **Lake Malawi** - the country's most dominant natural feature. Camping in Malawi sums up the spirit of an Africa overland trip with Oasis. We spend several days at friendly laid back campsites where most people choose **to relax on the sandy beaches or try their hand at scuba diving , snorkelling or windsurfing** as we follow the lakeshore north. If you are more inclined to just relax - then there is no better place than on the shores of Lake Malawi. This really is a warm friendly country - making it easy to wander off and meet up with your local hosts in one of the many villages or schools nearby. You can view first hand the talent of the local artisans and purchase some exquisite pieces of furniture and carvings out of ebony and mahogany.

The next country on our journey is **Tanzania**, and after a day and half drive we pass through the peaceful **Mikumi National Park**. African safari travel is synonymous with wildlife, and in this national park we usually see **Elephant, Giraffe, Zebra and Antelope** from the roadside. From here we continue travelling through the interesting and **mountainous hinterland** of Tanzania.

Our route north then brings us to **Dar Es Salaam** where our truck is based in a campsite on a beautiful **Indian Ocean beach**. From here you will take the ferry out to **Zanzibar Island** for four

nights and venture into the narrow bustling streets of **Stone Town** and its famous **spice markets, old slave forts and dungeons**. There is also time to relax on Zanzibar's famous white beaches, scuba dive or snorkel and swim with dolphins- before returning to Dar Es Salaam.

## **DAR ES SALAAM TO ARUSHA AND THE SERENGETI**

After leaving Dar Es Salaam we pass a number of small towns and villages along the way and, if we are lucky, we may see the towering peak of **Kilimanjaro**. We will stop off at Marangu where you have the opportunity to climb to Kilimanjaro base camp or take a walk through the lush surroundings passing through coffee plantations, rivers, waterfalls, caves and visiting a local blacksmith (there is not time to do the full summit climb unless you miss the Serengeti safari option).

We then continue to Arusha, and while at our camp on the outskirts of **Arusha** you have the option to book an add-on and travel with our local African safari partners through the **Ngorongoro Crater** and **the Serengeti National Park**. In these parks you will have the opportunity to view the abundant wildlife including **Elephant, Lion, Cheetah, White Rhino, Buffalo, Hippo, Antelope, Crocodile and Pink Flamingos** and of course the famous migrating **Wildebeest**. For those who wish - there is an option to visit a local **Maasai Village** and learn about their culture and way of life.

## **ARUSHA TO KIGALI VIA BURUNDI**

Our route takes us west now, passing to the south of Lake Victoria and after a couple of bush camps we arrive into **Burundi**. We will stop at Gishora Village to see and hear more about **Burundi's famous drummers**. These drums were symbols of power during the monarchy, beaten during special events and are an important part of the country's heritage. We then arrive at **Bumumbura**, a port city on **Lake Tanganyika**, where the country's main export, coffee, is shipped from. Boat trips through Rusizi National Park here provide viewings of crocodiles and hippos as well as many water birds. The lake also has many beautiful beaches and laid back villages to explore.

Leaving Burundi now, we cross into **Rwanda** and drive to the capital **Kigali** where you can visit the Genocide Memorial.

## **KIGALI TO KAMPALA, GORILLA TREK**

The hills of Rwanda are next, as we spend a couple of days at the small, friendly town of Musanze on the edge of Volcanoes National Park. Here you can take optional treks into the forest to see the famous Golden Monkeys, visit the Musanze caves and several hiking trails, or take a village tour throughout the area where you can see first hand production of local Banana beer.

We'll then head out of the hills and cross the border into Uganda, where our first stop is at the village of Kabale which will give you the opportunity to trek the Mountain Gorillas and visit the beautiful **Lake Bunyonyi**.

Bwindi Impenetrable Forest National Park and Mgahinga Gorilla National Park are home to several families of Highland **Mountain Gorillas**. Getting up close to these amazing creatures is a truly a once in a lifetime experience and one of the highlights of the trip. You have the [opportunity to trek to see the Gorillas](#) in Uganda (bookable as an Add on). It is estimated that only around 700 of these gentle giants remain. This mountainous area on the borders of Rwanda, Uganda and Zaire (now renamed Democratic Republic of Congo) is their only natural habitat and they are periodically threatened by poachers and political instability in the area. One permit allows you to spend about 50 to 60 minutes with one of the gorilla families. Trekking to find them in groups of 8 people can take anywhere from half an hour to 5 hours. The organisations and well-trained guides that continually monitor and protect the families are conscientious and responsible.

(Due to the popularity of Trekking to the Mountain Gorillas and the limited availability of obtaining Trekking Permits, those booking late may need to do the Gorilla trek in Rwanda in Volcanos National Park, which may come at an additional cost - you will be advised in advance).

We head East again now, and spend a night at **Lake Mbuoro National Park**, perhaps taking a nighttime safari drive, before driving onwards through swamps, patches of forest and fertile green countryside. As we travel through Uganda, we'll pass through a number of small towns and villages; Mpigi, where you will see roadside stalls manufacturing and selling traditional musical instruments; Kyazanga, where we can buy fresh rotisserie and roasted meat and vegetables, as well as roasted plantain bananas. We will also be able to make a photo stop where our route crosses the Equator on the way to Kampala. **Kampala** has had a turbulent past, but these days it is a friendly and safe city. We have some free time to spend in local cafes and nightspots - where you can get to know the local people.

## **KAMAPALA TO NAIROBI VIA THE MASAI MARA**

We camp next near **Jinja** - Uganda's adventure playground. Here, on the edge of Lake Victoria, the Nile begins its 6700km journey to the sea. We spend the next few days downstream from the source of the Nile. This is a spectacular area, and a superb place to go whitewater rafting or kayaking. You can also organise quad biking , horse riding or a visit to a local education project.

Our next highlight is the spectacular **Sipi Falls**. There are three waterfalls here on the Sipi River as it cascades into the Kyoga Basin from the slopes of Mount Elgon. The highest is just under 100m and there is an exciting abseiling option available here. After leaving the Sipi Falls we cross into **Kenya** and **Lake Nakuru National Park** - home to a wide variety of wildlife including Black Rhino, Hippo, Lion, Leopard, Hyena and Giraffe. However, Nakuru is a soda lake and most famous for its pink inhabitants, a flock of almost a million Pink Flamingos which feed noisily along the shoreline.

Finally, the group will all go on a morning and afternoon game drive in 4x4 safari vehicles with local guides in one of the world's most famous National Parks, the **Maasai Mara**. Here you will have the opportunity to look out for all its incredible wildlife before making our way back to Nairobi, arriving in the early evening.

## OPTIONAL EXCURSIONS

---

Optional Excursions are paid for on the day and organised during your trip, so you can decide whilst travelling which activity you may want to do. Prices listed are only a guide and may be dependant on fluctuating exchange rates and minimum numbers. Please see below for more details.

### TANZANIA

Title	From Price
1 Day Walk to Mandara Hut – From	US\$130
Cultural Tours of Marangu Area – From	US\$15

## **BOTSWANA**

Title	From Price
Okavango Delta / 1 Night Mokoro Trail	US\$175
Flight Over the Delta by Plane – Min 5 People	US\$150

We feel that having optional excursions gives a greater degree of flexibility and independence to our group members; independence to decide how much your spending budget can afford; flexibility to decide when and what time of day or with whom to visit a particular site, rather than for example, with the whole group at a pre-ordained time.

You pay for the optional excursions to the local operator, ensuring the money stays with that operator in the local community and this ensures as well, that you are paying the true price for any optional excursions you want to do. This also applies to accommodation costs before and after the trip. Please note that the prices of optional excursions quoted are approximate as local prices can and do change. Please see the relevant trip page for the Optional excursions you can do on that trip and a

list of prices.

**Notes downloaded on: 15-06-2026**
