The trip starts from Hostal El Patio at approximately 6pm on the evening of Day 1 of your trip.

Hostal El Patio is a friendly small family run hotel in the centre of the Miraflores district of Lima. Rooms vary in size, but most are twin or double rooms.

PRE-TRIP ACCOMMODATION:

You can pre-book accommodation and airport transfers through us. We will require your flight number, arrival time, and arrival date so please ensure this information is forwarded to us as soon as you have booked your flight. Please book this service as soon as you have booked your flight and no later than 6 weeks prior to departure, after which a late booking fee may apply. If you have booked through a travel agent, please contact them to request pre-trip accommodation and airport transfers.

Double, twin, and triple rooms will be provided subject to availability, where requested. However when not available we may need to book other rooming arrangements, and will fit these as closely as possible to your request. Those travelling solo will be put in shared rooms to reduce the costs to them, which may be twin/triple shares with other Oasis Overland travellers. Single rooms may be available in some cities for solo travellers, and we will arrange this for you on request, subject to availability.

If you are arriving early in the morning and you would like to check in immediately, you may have to reserve your room for the previous night to ensure direct check in, otherwise you may have to wait until normal check in times (usually 1pm to 2pm).

Accommodation costs for any additional nights are payable direct to the Hostal El Patio on arrival in Nuevo Sol or \$US.

AIRPORT TRANSFERS:

Airport Transfers are included in the cost of your adventure (provided you request these via the UK office or your account six weeks before your departure).

On arrival into Lima airport you will be met by a local representative from the Hostal El Patio who will take you to the group joining Hotel. The driver will have your name on a sign with 'Hostal El Patio'. Many flights into Lima arrive around midnight. If your flight arrives more than 2 hours late, or if for any reason (eg. problem with immigration or lost baggage) you are delayed by more than 2 hours before getting through to the arrivals hall, you may need to call the hotel to rearrange the transfer.

PRE-DEPARTURE MEETING

Day 1 of your trip is an arrivals day, there will be a pre-departure meeting in the starting hotel this evening, usually around 6:00pm. There will be a notice in reception advising the exact time and here your crew will explain how the day to day running of the trip works. Your Tour Leader will **collect your Local Payment** money as well as a photocopy of your **passport information page, insurance policy details** with policy number and confirmation that the duration will cover you for the entire trip and a **24-hour emergency assistance** telephone number. It is essential that you attend this meeting - please let the UK office or your tour leader know if you are unable to do so.

POST TRIP ACCOMMODATION AND AIRPORT TRANSFERS

Post-trip accommodation & airport transfers can be arranged with your tour leader during the trip or directly with the hotel on arrival. The return airport transfer is not included and is at your own expense. We regret these services cannot be arranged via the Oasis office before departure.

FLIGHT INFORMATION

Normally our trips start in the evening of day 1 with a pre-departure meeting (you will be given exact details on when and where to meet either on collection from the airport or it will be clearly noted in the reception of our joining hotel). Please check the start time of your trip in the Accommodation Information section and allow extra time for your arrival wherever possible.

We recommend allowing an extra day post trip for any itineraries that include an internal flight or a jungle option, to allow for flight delays. You may also wish to allow some extra time to explore your arrival and departure cities

There are many online flight search engines such as www.skyscanner.net or www.ebookers.co.uk, flights can also be booked direct with airline websites or through travel agencies. Please inform us of your flight details through your online account, as airport transfers can be arranged for various trips.

One way ticket: If you intend to travel on a one way ticket to meet up with one of our trips, without possessing an onward flight ticket - we recommend that you have a copy of your payment confirmation/receipt (that you will be sent at time of your balance payment) available at immigration to assist easy entry.

Departure Taxes: Please check with your Travel Agent or Airline if your flight ticket already includes a departure tax payment out of the country. If it does not - please budget for approx US\$30 to \$70 USD - to be paid in US\$ only.

Lima Airport Use Fee (TUUA)

New airport fee for transit and connecting passengers at Lima Airport

Starting from 27 October, passengers transiting or connecting through Lima (Jorge Chávez International) Airport will be required to pay the TUUA (Tarifa Unica por Uso de Aeropuerto, or Airport Use Fee) at the airport.

This fee is not currently included in airline tickets.

To avoid delays, travellers are encouraged to pay in advance via [LAP's \(Lima Airport Partners\) online platform](#) or use available on-site payment options, including mobile POS (Point of Sale) agents, dedicated payment modules, and QR codes.

PASSPORTS

Your passport must be valid for at least 6 months AFTER your trip finishes. This is a general requirement for all of the countries we travel to on our trips.

If you have dual nationality you can only use one passport for the entire trip. It is your responsibility to ensure you have all the relevant visas you require.

Please bring 2 photocopies of your passport details to give to your tour leader.

As a guideline, you will need at least 1 blank page per country in your passport, (for the 31 weeks Trans South America, you should allow at least 13 blank pages).

Inca Trail Trek – you will need to provide your passport details to apply for your Inca trail trekking permit, please enter these correctly on your booking form. If you are intending on renewing your passport then please let us know at the point of booking. In order to trek you will need to be in

possession of both your passport and your permit – and the passport details have to match otherwise the permit issuing authorities will not let you trek.

VISAS

The information below is to be used only as a guide and may change without prior notice. It is advisable to contact the relevant embassy in plenty of time before the trip departs to check the current visa requirements. It is **your responsibility** to ensure you have all the relevant visas you require.

Visas must be paid for in USD cash ONLY.

On arrival to countries in South America, you will be given an 'Immigration card'. It is important that you keep this with your passport during your entire stay in the particular country as it is needed for departure. Failure to produce this immigration slip can result in a fine.

Transiting via the USA - Travellers who are flying to South America via the US will require either a US visa or for certain nationalities an Electronic System for Travel Authorization (ESTA) to take advantage of the visa waiver programme. These can be processed and paid for [here](#).

If you have travelled to Iran, Iraq, Sudan, Syria, Libya, Somalia or Yemen since March 2011 you will not qualify for the ESTA and must apply for a visa.

It is very important you establish your ESTA eligibility and have the correct documentation before departing, as if you do not have the right authorisation upon checking in at the airport you may not be permitted to travel.

For more information on other nationalities & visas checkout www.projectvisa.com

Peru

Passport Holders from UK, Ireland, Australia, New Zealand, USA, Canada and most EU countries will not require a visa to enter Peru.

Passport Holders from other countries, will need to check the current visa requirements with the relevant consulate, and whether you need to obtain the visa in advance.

Inca Trek – you will need to provide your passport details to apply for your Inca trekking permit, please enter these correctly on your booking form. If you are intending on renewing your passport then please let us know at the point of booking. In order to trek you will need to be in possession of both your passport and your permit – and the passport details have to match otherwise the permit issuing authorities will not let you trek.

Bolivia

Passport Holders from UK, Ireland, Australia, New Zealand, Canada and most EU countries will not require a visa to enter Bolivia.

American passport holders will require a visa to enter Bolivia, you can purchase these upon arrival for approximately US\$160. You will need 2 passport-sized photographs (3cm x 4cm), a colour photocopy of the passport information page, a copy of your yellow fever certificate, paper copy of your trip booking confirmation and your most recent 3 months bank statements.

You can apply for your visa in advance if you wish but please check how long it is valid for you to enter Bolivia. Valid for entry is different for the length of stay allowed. For example, if your visa is valid for entry for 30 days from the date of issue and you're starting your trip in Cartagena, your visa will expire before reaching Bolivia.

Travellers joining one of our **Regional Explorers in Peru and Bolivia** may wish to obtain this visa in advance.

Passport Holders from other countries, will need to check the current visa requirements with the relevant consulate, and whether you need to obtain the visa in advance.

VACCINATIONS AND HEALTH

It is possible that you may require some vaccinations for your trip, depending on the areas that you are visiting. As we are not medically trained, we are unable to give detailed advice on vaccination requirements, so please use the information below as a guide only. We have worked closely with **Nomad Travel Clinics** for many years and they offer Oasis travellers a **10% discount** on vaccinations, anti- malarial drugs, first aid items, clothing and equipment, just enter discount code OASIS1000 at www.nomadtravel.co.uk. Alternatively you can check out the [fit for travel website](#) for more travel health information or consult a reputable travel clinic or your GP for information and advice. We suggest that you allow at least 8 weeks to get all your vaccinations.

Yellow Fever - Being vaccinated against Yellow Fever and having a valid certificate and a photocopy is deemed compulsory in some countries we visit, especially at certain borders and are needed if you are entering from an infected country. You can view a list of countries requiring a certificate through the World Health organisation http://www.who.int/ith/ITH_country_list.pdf

Rabies - Vaccinations are regularly advised for many countries that we travel through - especially if time and money are not a deterrent.

Malaria - In some of the areas we visit there is a risk of contracting Malaria. You must be aware that whatever malaria prophylactics you are taking, they only offer partial protection. They must be

coupled with your own physical efforts against being bitten - which is the best prevention. Malaria-carrying mosquitoes come out at sunset so from this time you should wear long sleeves and trousers. Exposed skin, especially ankles, should have insect repellent containing 'Deet' applied to them. Your crew will advise on where the worst affected areas are on the trip. There are a number of prophylactic malaria treatments on the market & requirements change. It is also wise to take a sample of whichever prophylactic you choose, a few weeks before you leave. This way you may determine early on if you have any adverse reactions so you can change the regimen if necessary. Please consult a reputable travel clinic or GP for advice. For more information visit www.nomadtravel.co.uk or www.fitfortravel.scot.nhs.uk

Medical advice should be taken particularly if you are visiting the jungle in either Ecuador or Peru, the Brazilian Pantanal or Iguazu Falls in either Argentina or Brazil as part of your trip.

Altitude sickness - This is caused by thin air (due to lack of oxygen) and can affect anyone arriving at high altitude (above 3000mtrs). The symptoms are headaches, dizziness, shortage of breath and possibly nausea. To avoid this or alleviate the symptoms make a point to acclimatize by arriving into a high altitude destination a few days early and make sure you do not over exert yourself, rest for a few hours, avoid drinking alcohol, smoking, large meals and drink plenty of water.

As we are travelling mostly by land (as opposed to flying into a high altitude location) we should acclimatise gradually, and so avoid 'soroche', mountain sickness.

Dengue - Unlike the malaria mosquito, which bites at night, the dengue carrying mosquito bites during the day. Some areas we travel to do have occasional outbreaks & it is therefore advised that you take care not to be bitten during the day as well as at night. There is no vaccine available.

Health - To join our trips you should be in good general health. Your medical insurance company must be told if you have any pre-existing medical condition / allergy or if you are on any regular medication, otherwise you may not be covered under your policies for these. Our crew will need to know of any medication or conditions you may have. For general health advice log onto www.nathnac.org/travel/

TRAVEL INSURANCE

It is a compulsory requirement that you have adequate travel insurance before you join any Oasis Trip & at the very least are insured for all necessary medical & repatriation costs incurred.

You will be asked to provide the following details in [My Oasis Account](#) if you have not already done so: travel insurance name, insurance policy number & insurance emergency telephone number. You will also be required to give a copy of your policy with this information to your Tour Leader on arrival with confirmation that the policy duration is sufficient to cover you for the entire duration of your trip. It is also wise to leave a copy of your insurance policy with a friend or relative for safe keeping.

We believe that your safety and holiday enjoyment are very important. It is a mistake to think that "it will never happen to me". It is also very important that you are covered for all the activities that you may wish to undertake while on our trip. It is extremely important that you check the full extent of your cover related to 24 hour Medical Emergency Assistance. In the event of you needing medical treatment you want to know that you have the best cover available to you. Your policy should include adequate Medical Emergency and Repatriation cover as well as Cancellation, Baggage and Personal Liability cover. You need to be aware of EXACTLY what activities your policy covers you for. Please note that skiing is not usually covered in most insurance policies.

We offer tailor made Overland Adventure Travel Insurance that covers most of the adventure and sporting activities on our trips.

For further information on the insurance we offer, the activities covered and costs, check out the [Travel Insurance](#) section of our website. You can purchase our insurance by logging into [My Oasis Account](#) and click 'Buy Insurance' or through the following [link](#).

MONEY, BUDGETS AND LP

Local Payment (LP)

LP is part of your overall trip payment and is the most cost effective and practical way to get hard currency to South America to pay for a variety of your day to day local costs (i.e. all meals prepared by the group, hostel/hotel fees, gas, and certain activities listed on the trip page) which cannot be pre-paid from the UK. It is a guaranteed amount, set before your trip departs, and unlike 'group kitty' systems we will not ask you to contribute more once the trip is underway.

Please note: Your LP is payable to your Tour Leader on the morning of departure in US\$ Dollars CASH ONLY. Make sure that all your notes are in good condition. Old, torn or marked notes are often refused by the banks and we will therefore be unable to accept them either. Please do not bring all of your Local Payment in US\$100 notes and also make sure that they are post 2013 and do not have a serial number starting with CB.

How to bring your currency?

Past Oasis travellers have fed back that they have felt, as a general rule it is best to bring your money in a combination of cash US dollars, pre-paid travel currency cards and debit/credit cards.

Make sure that all your notes are in good condition. Old, torn or marked notes are often refused by the banks and shops. Please ensure your notes are dated post 2013 and do not have a serial number starting with CB. When buying US Dollars before you travel it is best to ask for clean notes with no tears or markings. It can be difficult using US\$100 bills in Ecuador, Peru and Bolivia so if possible, bring US\$50 bills for these countries. Some travellers worry about carrying so

much cash with them, however all Oasis Overland trucks are equipped with an onboard safe for the security of your money and passport. Please also remember that Visas, where required, need to be paid for in US dollars cash only.

Spending Money

From past trips and traveller feedback US\$150 to US\$200 per week should cover costs such as some meals out (on average 50% of meals on the trip are supplied), soft drinks and beers, email & communications, souvenirs and other general spending. Personal spending habits & budgets differ greatly from person to person. Budget on visa costs and optional activities separately (see visa section above & optional excursions page) & allow extra for your Local Payment contribution. There is often a departure tax payable in the airport, so allow up to US\$50 for this.

Changing money

Change your money only at banks, hotels, airports or forex bureaus. It is illegal to change money on the street, as these people will normally be opportunistic thieves or undercover police. Your crew will advise you where & when you can change money & with what means. It is also a good idea to have a small CASH emergency fund, to allow for the unexpected.

Credit & Debit Cards

If you are intending using your credit or debit card, we suggest taking more than one card with you as you may find that your card is not accepted in the first ATM you try. For credit and debit cards Visa is best. Mastercard and American Express are generally not accepted throughout South America. We recommend that you inform your bank that you will be using your card abroad to avoid it being blocked.

Pre-Paid Travel Currency Cards

These cards are similar to normal Credit and Debit cards but they can be pre loaded with cash before you travel with a set amount allowing you to withdraw this cash using the card at normal ATMs. It is a more secure way to access cash on your trip, but again do not rely on these as your sole means of funds on a trip - (please refer to the ATM section). Several banks and companies now offer these cards, but be sure to look into the rates for withdrawing cash when making your decision. When using these cards abroad you will use them to withdraw the local currency from an ATM and not the currency that you loaded onto the card.

ATMs

These are available in most major cities along our route and allow you to withdraw local currency only. We discourage you from relying on your ATM card as a primary source of funds in case it is lost/stolen/swallowed, or the machine isn't working. In some destinations we probably won't even see

a bank or ATM for days on end. Even where do find them, they cannot always be relied upon - things change, and ATMs don't always work! Besides memorising your PIN, it is also important to be aware of your daily withdrawal limit and bank withdrawal costs.

Tipping

Tipping in South America is customary and often expected, and local attitudes towards tipping are different to what we are used to in the West. It is often more than a reward for services well done but as wages are extremely low, it is an accepted means of supplementing an income. As a general rule, tipping around 10% of the total bill in restaurants is a good guide, and the same amounts usually apply for activities and excursions.

Because it can be difficult to know what to tip, and as it has such importance in some areas both economically and culturally, there may be times and activities for which your crew will make it clear what level of tipping is 'customary/expected'. They may also be quite enthusiastic or assertive in encouraging you to take account of these suggestions. This is motivated by the knowledge of how important tipping can be, and the offence or confusion that can be caused when local people are tipped poorly. In the end, tipping remains at the discretion of the individual, but our crew will continue to advise on normal rates, and we would ask you to carefully consider the economic or personal impact of being seen to 'under tip'. We know that many who travel with us are on a tight budget, but ask you to remember that those we work with locally may also face financial hardship, and also work very hard to try to give you unrivalled service/experiences.

As a very rough guide, we would suggest that you budget for an amount equal to 10% of the local payment for your trip, plus 10% of the cost of any of the listed optional excursions that you wish to do. The amounts you end up tipping may vary from a rigid 10%, but hopefully this will help you budget in general.

On the Inca Trail, your crew will advise you what the expected tipping amounts are before the trek. It may seem unusual to be asked to tip before receiving a service, but the tips are a crucial part of the income for the guides, cooks and porters, and it is important that this gets shared out equally and fairly between them, so you can expect your Oasis Tour Leader to take an active role in ensuring it is done in the correct manner. The tips are usually spread out by the Tour Leader and then given to the travellers to hand out on the last day of the trek.

In the past we have been asked by travellers about tipping your Oasis Crew. If you choose to do this, it would be budgeted separately from the above. Our guys work very hard at making your trip a great travel experience. Working overseas can often be challenging and they are pretty much on call for you 24 hours a day, so it's appreciated as a thank you for hard work and good service, but of course not mandatory. Our suggestion is to budget around US\$1, per person, per day.

CLIMATE

The climate in Peru, Bolivia and Ecuador is varied, from hot and humid in the Amazon Jungle, to cold nights at altitude on the Inca Trail. It is best to prepare for a variety of weather conditions, as it can be quite unpredictable!

Peru has three different climates: the coastal area is an arid desert climate, the Andes have a sub-tropical weather system and can vary according to the altitude, and the Amazon rainforest is tropical. Year-round, the coastal area gets hot during the day and cooler at night; rainfall is rare. During the winter months of April to November the coastline, including Lima, is usually covered by a near-permanent mist, though inland this burns off to allow the sun to break through and hotter conditions. In the Andes, during the European summer months of June to August it is generally warm and pleasant during the day and cold at night, again with little rain. November to April are the rainy season with tropical afternoon showers and higher temperatures. In the Amazon Jungle tropical showers are common on most days in the afternoon, and it is hot and humid year-round.

In Bolivia similar to Peru you will also experience the sub-tropical weather system which will vary according to the altitude, and the Amazon rainforest is tropical.

Quito in Ecuador enjoys a year-round spring-like climate. The Galapagos is generally dry and bright from June to December, with some afternoon shower being drawn from the south, while the months from January to May tend to be more tropical, with more cloud and heavier showers and generally warmer temperatures.

WHAT TO TAKE

The less you take the less you have to pack, wash & lug home & you can always pick up extras along the way. Most people make the mistake of bringing too much gear. Clothes washing or laundry facilities will be available at least once a week. You will be travelling in the heat & camping in the cold, so bring clothes for all climates; rough stuff is best. Pack according to season: use the climate guide above (remember, nights are cold in deserts and the mountains). Make sure that you bring your gear in a 70 - 90 L rucksack or holdall - suitcases are not suitable.

Equipment	Toiletries - Most available to buy on trip
• Sleeping Bag - 4 season bag, (can be hired locally where required - subject to availability, but most people prefer to bring their own) & sleep sheet • Small day-pack or small bag to carry daily items • Soft rucksack, holdall or suitcase • Water bottle - for personal use - we recommend Water-to-Go (see below Responsible Travel)	• Soap, shampoo, toothbrush/paste, antibacterial hand wash, lip balm & moisturiser • Sun block 35 + after sun, hat & sun glasses • Tampons (can buy in most places) • Contraception
Clothes	Personal Effects

• One pair of trainers or boots • Sandals/flip flops/jandals/thongs • Underwear/socks • T shirts/shirts • Shorts/swimwear • Jeans/trousers/jog pants/leggings • Skirt or dress • Sweat shirt/jumper • Jacket/fleece & waterproof jacket	• Camera with protective case, spare batteries, film/memory card • Torch and spare batteries (head torch is best) • Travel adaptor plug/charger (for cameras and mobile phone batteries) • Money belt • Personal stereo - iPod/MP3 etc • Towel and/or sarong
Recommended Medical Kit List	
• Antiseptic ointment/Antihistamine cream & tablets • Nurofen or equivalent pain-killer • Eye-drops/bath • Anti-diarrhoea treatment • A couple of bandages (elasticated & triangular) • Medication for personal allergies/asthma etc	• Insect repellent containing Deet • Re-hydration sachets/vitamin tablets • Assorted plasters • Some suitable antibiotics as recommended by your doctor for infected cuts or to treat severe dysentery

Please note that in the winter months (June-August) it can be very cold, especially at altitude, so we would recommend that you bring extra layers or be prepared to purchase some when you are in Peru & Bolivia.

We advise you to bring a small personal medical kit for general everyday use, as well as any personal over-the-counter medicines that you may wish to keep with you. Our Tour Leaders are familiar with the nearest pharmacies, doctors and hospitals throughout the trip if you need to seek medical attention. It will be your own responsibility to carry your medical kit on included excursions and optional activities as some local operators may not have medical kits to hand.

PHOTOGRAPHY AND ELECTRICAL EQUIPMENT

Cameras (incl. Digital & Video Cameras) - An easy to use 'point and press' will get you some good photos. For memorable shots, it may be worthwhile investing in an SLR camera, but be sure to get some practice in before the trip! Most towns and cities have internet cafes where you can download onto CD/internet sites - but don't rely on it.

Photography - Be aware of your surroundings when taking photographs and filming. Some locations will be sensitive or have local laws banning photography. For example it is usually forbidden to use cameras at borders or around government buildings, military installations, bridges and airports or to take photos of local officials. If you do take photos or film where it is not permitted you may find yourself being questioned by irate officials who may decide to confiscate your camera or instruct you to delete all the images/footage on your device. If in doubt ask for permission, or if there is no-one to ask use some common sense.

Drones - As the use of drones becomes more common, countries throughout the world are gradually

updating their laws and restrictions on usage. The specific regulations will vary from one country to another, so do check the UK Foreign and Commonwealth Office advice for the latest information. As with cameras, use your common sense if you do use a drone and avoid operation in sensitive areas. If you plan to bring a drone on your trip with us please contact us first to ensure there will be a suitable place to store it while on your trip.

Electrical charging & power supply - It may be difficult to find a power source for charging at times, so a spare battery is a must. Log onto www.whatplug.net for information regarding the different electrical plugs and voltage used in each country.

CONTACTING HOME

The internet and WiFi are readily available in almost every town and city you will visit; most hotels and hostels will have free WiFi as will many bars and cafes. Do bear in mind that the connections can be unreliable and will not always be as fast as you are used to at home. If a lot of people try to use the internet at the same time the speed will be slower still, especially if trying to make Skype calls or upload photos/videos. During periods of the trip where we are camping, internet will be less common.

Some travellers choose to take an unlocked mobile phone with them and buy local SIM cards in each country, allowing them to use mobile data. If you particularly want or need regular internet access this may be a good option. Telephone calls can be expensive usually £1 to £5 for a three minute call.

Online Diaries - A great variety of free "travel blogs" are now available online, they are a good way of keeping relatives and friend up to date with what you are doing and a good place to upload photos, collecting messages as well as keeping a record for yourself.

RESPONSIBLE TRAVEL

Before you go

- Remove unnecessary packaging before you go - waste disposal facilities are often stretched or non-existent in the places we visit. To avoid unnecessary pollution of local water supplies take environmentally friendly toiletries with you.
- Why not invest in a wind-up or solar-powered torch or media player before you travel or at least rechargeable batteries.
- Learn some of the local language and read up on the local history/culture before you go. You'll get so much more out of your trip.
- Why not pack some pens/pencils exercise books in your rucksack and they can be donated to a local school or project while you're away. You can also purchase these items cheaply, locally which will help local businesses.

- Take a sturdy water bottle with you from home that you can re-use throughout your trip. We carry large quantities of purified water with us on our Expedition vehicles and it is much better for the environment if you drink this, rather than purchase bottled water along the way. (It also saves you money).
- Water-to-Go: Oasis Overland have partnered with Water-to-Go to help reduce the number of plastic water bottles consumed during a trip. Water-to-Go is a filtration system that eliminates over 99.9% of all microbiological contaminants including viruses, bacteria, chemicals and heavy metals from any non-salt water source. Click [here](#) and enter the code OASIS15 to purchase your [Water-to-Go](#) products at 15% discount. Water-to-Go will then donate a further 15% to Oasis Overland Charity projects.

While you're travelling

From experience gained in running trips, we have developed our own practical and manageable environmental policy which all of our crew practice on the trips we operate, and they will share this information with you at the start of your trip. We welcome your input on this, plus any new ideas you may have, to improve our existing procedures. As a guide here's a few tips to bear in mind.

- Don't waste water. It is a scarce resource in many of the places our trips visit. On all our Ultimate and Overland Expeditions we carry large quantities of purified water with us. We encourage you to refill your own water bottles from this supply, rather than purchase bottled water along the way- much more environmentally friendly and saves you money.
- Never buy endangered species or endangered habitat products. Apart from the fact of it being illegal it also encourages the trade to continue.
- Look after and preserve the areas we visit. Be careful about stepping on coral reefs or trekking on undesignated tracks.
- Buy locally made crafts and products helping to support the local economy.
- Don't feel when bargaining that you have to get the cheapest price possible just for the sake of it. Pay what the item is worth to you & don't worry about what someone else has paid.
- Try the local food and drinks - this will help to support local farmers and food sellers. Sitting in a local cafe is also a great way to meet local people.
- Dispose of litter appropriately on your trip. This includes cigarette butts. Not only does litter look unsightly it can be lethal to wildlife.
- Where any toilet facilities exist, however unsavoury they might seem to you, they should be used. Where they do not, always bury your waste and make sure it is never near (at least 30m) a water source.
- When game viewing do not encourage your guides to get too close to the wildlife so that their natural behaviour is impeded.

- Respect local customs, traditions and beliefs of the people in the different regions that you travel through.
- Do not take photos of people, ritual events or special places unless you have asked first. Dress appropriately according to local codes and show respect around religious festivals.
- Recycling is almost non-existent in many of the areas and countries we visit - we do the best we can with limited resources & space on our vehicles.
- For books dedicated to travelling more responsibly & ethically see: www.tourismconcern.org.uk

Community Projects - Oasis are active in raising awareness and providing support to a number of projects and local schools where we believe we can make a positive difference. More information on the [projects we support](#).

SECURITY

The UK Foreign and Commonwealth Office (FCO) offer country-specific advice, regarding not only security but also entry regulations, local laws and customs and health. We strongly recommend all travellers visit the FCO website, or the equivalent in their home country, to familiarise themselves with local conditions and issues in the countries they plan to visit before committing to a trip with us. You can view their website [here](#).

If you have any questions at all about the safety or security of your trip, please do not hesitate to contact us and we will be happy to discuss your trip in more detail.

In cities - All major cities have their share of petty crime (just like our cities) and sensible precautions need to be taken. Wearing expensive looking jewellery or watches and carrying cameras will draw unnecessary attention to you. Leave valuables such as passports and excess money in your hotel safe (we recommend carrying a copy of your passport details page at all times). You may find a simple money belt is more discreet than a bag. Always be aware of your surroundings and when approached by people you do not know, use your common sense. At night in cities it's best to use a taxi, rather than walking around the streets, single women in particular need to be careful and we would suggest that it is safer to be in a group.

Oasis does not take responsibility for clients' personal items and we advise you to not take items of value that are not essential for the journey.

ADDITIONAL INFORMATION

The Inca Trail

We INCLUDE the cost of trekking to Machu Picchu in ALL our trips that visit Peru.

We offer 3 routes - [Classic](#), [Salkantay](#) and [Lares](#) - (subject to season and availability), all accompanied by knowledgeable guides and porters.

Our first choice trek is the Classic trail. As availability is limited we will move quickly after booking to obtain you a permit where possible. It is VERY important to note that as soon as we purchase your permit it is non-transferable, and non-refundable. Your permit will be linked to your passport details, so please make sure you enter these correctly at the time of booking. If you are intending renewing your passport then please let us know at the point of booking. In order to trek you will need to be in possession of both your passport and your permit – and the passport details have to match otherwise the permit issuing authorities will not let you trek. If you need any further clarification then please contact southamerica@oasisoverland.co.uk

When the Classic trail is not available, we will arrange the Lares trail at no extra charge (subject to minimum 2 people). If you wish to trek either the Lares or Salkantay by choice (or take the train option), you must let us know at the time of booking. An additional fee may be payable, but we will discuss this with you. All of the treks visit Machu Picchu for the day.

For more information about the treks including maps please click below for the three routes and treks: [Classic Lares Salkantay](#)

Tipping on the Inca Trail - Before you start your trek, your Oasis Tour Leader will advise you and other travellers of the suggested tipping amount for the guides, porters and cooks on the trek (this applies to the Classic, Lares and Salkantay treks). Tipping is a vital part of the income for the staff who work on the treks, and it is expected. It is not compulsory, but if you choose not to tip it will be viewed suspiciously and negatively by the local staff and as such we respectfully ask all our travellers trekking to pay the requested amount. We are advised by the local operators what the suggested tipping amount is for each trek, and you will be asked to contribute, before the trek departs. It is usually around US\$50 per person, which is then shared out amongst the guides, porters and cooks.

Porters - We can arrange a Porter to carry 5kgs of your equipment whilst on the Classic Inca trail, at the briefing the Guide will provide you with a duffle bag to pack your equipment into which will be available at camp each night, this is arranged on trip and will cost an additional \$30 paid locally to your tour leader. Lares and Salkantay treks

Train Only - For those who don't fancy trekking at all, there is the option of taking the train to the town of Aguas Calientes, at the base of Machu Picchu, staying overnight in a simple hotel, and heading up to nearby Machu Picchu the next day. This option gives you an extra two nights in Cusco, where we will provide accommodation. If you wish to take the train option you must state this at the time of booking.

Huayna Picchu - Some people like to climb the nearby summit of Huayna Picchu during their time at Machu Picchu. One of the main reasons for doing this would be for the view from the top of it over Machu Picchu. Because of its increasing popularity the local authorities have introduced a permit

system to control numbers and collect funds from those wanting to do this. Permits can sell out a long time in advance, and you therefore need to request us to purchase you a permit urgently if you want to do this. You can request this by clicking the Huayna Picchu 'add-on' through your account. There are 400 permits available per day currently. Once requested your tickets cannot be refunded or exchanged, as it is arranged with your specific name and passport details.

The ascent of Huayna Picchu is very steep in places and it can take about an hour to the top. It will be your responsibility to be at the entrance point at the right time, and should you be late then you will unfortunately forfeit your opportunity to go up. The climb is done on the same day that you are visiting the ruins at Machu Picchu, so reduces your time wandering around the ruins. Please bear in mind that to get up and down can take around three hours, and is very steep in places. It is not really for those who are unfit, or scared of heights. The path is pretty deteriorated in places so some light scrambling is required.

TRAVEL INSURANCE

It is a compulsory requirement that you have adequate travel insurance before you join any Oasis Trip, and at the very least are insured for all necessary medical & repatriation costs incurred if you need them.

You will be asked to provide the following details on the Traveller Information Form that you send in to us after making your booking. If you have not already done so: travel insurance name, insurance policy number & insurance emergency telephone number. You will also be required to give a copy of your policy with this information to your Tour Leader on arrival with confirmation that the policy duration is sufficient to cover you for the entire duration of your trip. It is also wise to leave a copy of your insurance policy with a friend or relative for safe keeping.

We believe that your safety and holiday enjoyment are very important. It is a mistake to think that "it will never happen to me". It is also very important that you are covered for all the activities that you may wish to undertake while on our trip. It is extremely important that you check the full extent of your cover related to 24 hour Medical Emergency Assistance. In the event of you needing medical treatment you want to know that you have the best cover available to you. Your policy should include adequate Medical Emergency and Repatriation cover as well as Cancellation, Baggage and Personal Liability cover. You need to be aware of EXACTLY what activities your policy covers you for. Please note that skiing is not usually covered in most insurance policies.

We offer tailor made Overland Adventure Travel Insurance that covers most of the adventure and sporting activities on our trips.

For further information on the insurance we offer, the activities covered and costs, check out the [Travel Insurance](#) section of our website. UK residents can purchase the insurance we recommend directly through [Campbell Irvine](#).

Before you go

- Remove unnecessary packaging before you go - waste disposal facilities are often stretched or non-existent in the places we visit. To avoid unnecessary pollution of local water supplies take environmentally friendly toiletries with you.
- Why not invest in a wind-up or solar-powered torch or media player before you travel or at least rechargeable batteries.
- Learn some of the local language and read up on the local history/culture before you go. You'll get so much more out of your trip.
- Why not pack some pens/pencils exercise books in your rucksack and they can be donated to a local school or project while you're away. You can also purchase these items cheaply, locally which will help local businesses.
- Take a sturdy water bottle with you from home that you can re-use throughout your trip. We carry large quantities of purified water with us on our Expedition vehicles and it is much better for the environment if you drink this, rather than purchase bottled water along the way. (It also saves you money).
- **Water-to-Go:** Oasis Overland have partnered with Water-to-Go to help reduce the number of plastic water bottles consumed during a trip. Water-to-Go is a filtration system that eliminates over 99.9% of all microbiological contaminants including viruses, bacteria, chemicals and heavy metals from any non-salt water source. [Click here](#) and enter the code OASIS25 to purchase your Water-to-Go products at 25% discount.

While you're travelling

From experience gained in running trips, we have developed our own practical and manageable environmental policy which all of our crew practice on the trips we operate, and they will share this information with you at the start of your trip. We welcome your input on this, plus any new ideas you may have, to improve our existing procedures. As a guide here's a few tips to bear in mind.

- Don't waste water. It is a scarce resource in many of the places our trips visit. On all our Ultimate and Overland Expeditions we carry large quantities of purified water with us. We encourage you to refill your own water bottles from this supply, rather than purchase bottled water along the way - much more environmentally friendly and saves you money!
- Never buy endangered species or endangered habitat products. Apart from the fact of it being illegal it also encourages the trade to continue.
- Look after and preserve the areas we visit. Be careful about stepping on coral reefs or trekking on undesignated tracks.
- Buy locally made crafts and products helping to support the local economy.

- Don't feel when bargaining that you have to get the cheapest price possible just for the sake of it. Pay what the item is worth to you & don't worry about what someone else has paid.
- Try the local food and drinks - this will help to support local farmers and food sellers. Sitting in a local cafe is also a great way to meet local people.
- Dispose of litter appropriately on your trip. This includes cigarette butts. Not only does litter look unsightly it can be lethal to wildlife.
- Where any toilet facilities exist, however unsavoury they might seem to you, they should be used. Where they do not, always bury your waste and make sure it is never near, (at least 30m) a water source.
- When game viewing do not encourage your guides to get too close to the wildlife so that their natural behaviour is impeded.
- Respect local customs, traditions and beliefs of the people in the different regions that you travel through.
- Do not take photos of people, ritual events or special places unless you have asked first. Dress appropriately according to local codes and show respect around religious festivals.
- Recycling is almost non-existent in many of the areas and countries we visit - we do the best we can with limited resources & space on our vehicles.
- For books dedicated to travelling more responsibly & ethically see: www.tourismconcern.org.uk

POST TRIP ACCOMMODATION AND AIRPORT TRANSFERS

Post-trip accommodation can be arranged with your tour leader during the trip or directly with the hotel on arrival. The return airport transfer can be arranged through your hotel / hostel and is not included, it is at your own expense. We regret these services cannot be arranged via the Oasis office before departure.

POST TRIP ACCOMMODATION AND AIRPORT TRANSFERS

Post-trip accommodation can be arranged with your tour leader during the trip or directly with the hotel on arrival. The return airport transfer can be arranged through your hotel / hostel and is not included, it is at your own expense. We regret these services cannot be arranged via the Oasis office before departure.

The exception to this is for Rio accommodation over the New Year & Carnival periods, please contact southamerica@oasisoverland.co.uk when you make your booking for further information.

FLIGHT INFORMATION

You need to arrive at your departure city at least the day before your trip begins. Return flights must be booked for at least the day AFTER the trip is due to end. You may wish to allow some extra time

to explore your arrival and departure cities.

There are many online flight search engines such as www.skyscanner.net or www.ebookers.co.uk, flights can also be booked direct with airline websites or through travel agencies. Please inform us of your flight details through your online account, as airport transfers can be arranged for various trips.

One way ticket: If you intend to travel on a one way ticket to meet up with one of our trips, without possessing an onward flight ticket - we recommend that you have a copy of your payment confirmation/receipt (that you will be sent at time of your balance payment) available at immigration to assist easy entry.

Departure Taxes: Please check with your Travel Agent or Airline if your flight ticket already includes a departure tax payment out of the country. If it does not - please budget for approx US\$30 to \$70 USD - to be paid in US\$ only.

PASSPORTS

Your passport must be valid for at least 6 months AFTER your trip finishes. This is a general requirement for all of the countries we travel to on our trips.

If you have dual nationality you can only use one passport for the entire trip. It is your responsibility to ensure you have all the relevant visas you require.

Please bring 2 photocopies of your passport details to give to your tour leader.

As a guideline, you will need at least 1 blank page per country in your passport, (for the 31 weeks Trans South America, you should allow at least 13 blank pages).

Inca Trail Trek – you will need to provide your passport details to apply for your Inca trail trekking permit, please enter these correctly on your booking form. If you are intending on renewing your passport then please let us know at the point of booking. In order to trek you will need to be in possession of both your passport and your permit – and the passport details have to match otherwise the permit issuing authorities will not let you trek.

VACCINATIONS AND HEALTH

You may require vaccinations for your trip, depending on the areas that you are visiting. As we are not medically trained, we are unable to give detailed advice on vaccination requirements, so please use the information below as a guide only. You should consult a reputable travel clinic or your GP for information and advice. We have worked closely with **Nomad Travel Clinics** for many years and they offer Oasis travellers a **10% discount** on vaccinations, anti- malarial drugs, first aid items, clothing and equipment, just enter discount code OASIS1000 at www.nomadtravel.co.uk.

Alternatively you can check out the [Fit For Travel](#) website for more travel health information. We suggest that you allow at least 8 weeks to get all your vaccinations.

Covid-19 - requirements for the countries you will visit have been changing and things are getting easier nearly everywhere now with many countries removing the requirement for vaccination certificates and PCR tests before entry. In principle however, it is going to be much more straightforward, and cheaper for you, if you are fully vaccinated against Covid-19. That includes having had any booster doses if your vaccine timings mean you could have had one. There are still a few countries along the way which won't let people in if you are not fully vaccinated or provide a negative PCR test (Bolivia and Suriname for example). **It is safest to assume that to complete the trip you will need to be fully vaccinated against Covid-19.**

Yellow Fever - being vaccinated against Yellow Fever and having a valid certificate and a photocopy is deemed compulsory in some countries we visit, especially at certain borders and are needed if you are entering from an infected country.

Rabies - vaccinations are regularly advised for many countries that we travel through.

Malaria - in some of the areas we visit there is a risk of contracting Malaria. You must be aware that whatever malaria prophylactics you are taking, they only offer partial protection. They must be coupled with your own physical efforts against being bitten - which is the best prevention. Malaria-carrying mosquitoes come out at sunset so from this time you should wear long sleeves and trousers. Exposed skin, especially ankles, should have insect repellent containing 'Deet' applied to them. Your crew will advise on where the worst affected areas are on the trip. There are a number of malaria prophylactics available and requirements change. You may wish to take a sample of whichever prophylactic you choose, a few weeks before you leave. This way you may determine early on if you have any adverse reactions so you can change the regimen if necessary. Please consult a reputable travel clinic or GP for advice. You can also find more information at www.nomadtravel.co.uk or www.fitfortravel.scot.nhs.uk

Medical advice should be taken particularly if you are visiting the jungle in either Ecuador or Peru, the Brazilian Pantanal or Iguazu Falls in either Argentina or Brazil as part of your trip.

Altitude sickness - this is caused by thin air (due to lack of oxygen) and can affect anyone arriving at high altitude (above 3000mtrs). The symptoms are headaches, dizziness, shortage of breath and possibly nausea. Arriving at a high altitude destination a few days early will help you acclimatise and avoid this. Make sure you do not over exert yourself, rest for a few hours, avoid drinking alcohol, smoking, large meals and drink plenty of water.

As we are travelling mostly by land (as opposed to flying into a high altitude location) we should acclimatise gradually and so avoid 'soroche', mountain sickness.

Dengue - unlike the malaria mosquito, which bites at night, the dengue carrying mosquito bites during the day. Some areas we travel to do have occasional outbreaks and it is therefore advised that you take care not to be bitten during the day as well as at night. There is no vaccine available.

Health - to join our trips you should be in good general health. Your travel insurance company must be told if you have any pre-existing medical condition or allergy or if you are on any regular medication, otherwise you may not be covered under your policies for these. Our crew will need to know of any medication or conditions you may have.

MONEY, BUDGETS AND LP

Local Payment (LP)

LP is part of your overall trip payment and is the most cost effective and practical way to get hard currency to South America to pay for a variety of your day to day local costs (i.e. all meals prepared by the group, campsite/hostel/hotel fees, gas, and certain activities listed on the trip page) which cannot be pre-paid from the UK. It is a guaranteed amount, set before your trip departs, and unlike 'group kitty' systems we will not ask you to contribute more once the trip is underway.

Please note: Your LP is payable to your Tour Leader on the morning of departure in US\$ Dollars CASH ONLY. Please make sure that all your notes are in good condition. Old, torn or marked notes are often refused by the banks and we will therefore be unable to accept them either. Larger denomination notes are preferable for your Local payment. In many countries, \$10 and \$5 notes are simply not accepted and are best avoided. Please make sure that \$US Dollars are dated 2013 or later and do not have a serial number starting with CB.

Please remember that you will need to pre-order US\$ cash for your LP before you leave home as your LP is payable all at once at the start of your trip and you cannot pay in local currency using ATMs due to the withdrawal limits in place and their unreliability. In addition, ATM transaction fees can seriously add to your travelling expenses.

How to bring your currency?

Past Oasis travellers have fed back that they have felt, as a general rule it is best to bring your money in a combination of cash US dollars, pre-paid travel currency cards and debit/credit cards.

Make sure that all your notes are in good condition. Old, torn or marked notes are often refused by the banks and shops. Please ensure your notes are dated 2013 onwards and do not have a serial number starting with CB. It can be difficult using US\$100 bills in Ecuador, Peru and Bolivia so if possible, bring US\$50 bills for these countries. Some travellers worry about carrying so much cash with them, however all Oasis Overland trucks are equipped with an onboard safe for the security of your money and passport. Please also remember that Visas, where required, need to be paid for in US dollars cash only.

Spending Money

We are currently updating our Optional Excursion costs so please be aware that some costs may have increased or there may be activities that are no longer available or have changed. In addition,

please bear in mind recent global price increases and fluctuations in currency exchange rates. As such we would suggest budgeting at the higher end of our spending money suggestions below. Personal spending money can vary so much between travellers but we hope this helps you to plan. We always recommend having a contingency fund and it's always worth having a bit extra as a buffer for those 'must buy' purchases you may find en route!

From past trips and traveller feedback US\$150 to US\$200 per week should cover costs such as some meals out, soft drinks and beers, email & communications, souvenirs and other general spending. Personal spending habits & budgets differ greatly from person to person. Budget on visa costs and optional activities separately (see visa section above & optional excursions page) & allow extra for your Local Payment contribution. There is often a departure tax payable in the airport, so allow up to US\$50 for this.

For trips starting / ending before Carnival: During the Carnival week both tourists and locals flock to Rio, meaning that many resources are stretched. This includes access to cash via banks and cash machines, as the banks frequently close for the whole ten day carnival period. Many of the machines run out of cash early on in the celebrations (often by day 2), and once the machines are empty they are not restocked until after the carnival celebrations have finished. Money exchanges can also be difficult to access during this time, or will only provide a very poor rate. From past experience we know that the exchange rate weakens in the run up to Carnival, so all in all (if possible) it would be best for you to get some Brazilian Real's in advance. When working out how many you need, bear in mind any time you will be spending in Brazil before Carnival in Rio.

If your trip goes to **French Guiana, Suriname and Guyana** please note that the general cost of living in these countries is much higher than elsewhere in South America, and you can expect the price of meals, drinks, souvenirs and excursions to accordingly cost more. For these countries we suggest you budget around US\$300 a week for extra expenses.

Changing money

Change your money only at banks, hotels, airports or forex bureaus. It is illegal to change money on the street, as these people will normally be opportunistic thieves or undercover police. Your crew will advise you where & when you can change money & with what means. It is also a good idea to have a small CASH emergency fund, to allow for the unexpected.

Credit & Debit Cards

If you are intending using your credit or debit card, we suggest taking more than one card with you as you may find that your card is not accepted in the first ATM you try. For credit and debit cards Visa is best. Mastercard and American Express are generally not accepted throughout South America. We recommend that you inform your bank that you will be using your card abroad to avoid it being blocked.

Pre-Paid Travel Currency Cards

These cards are similar to normal Credit and Debit cards but they can be pre loaded with cash before you travel with a set amount allowing you to withdraw this cash using the card at normal ATMs. It is a more secure way to access cash on your trip, but again do not rely on these as your sole means of funds on a trip - (please refer to the ATM section). Several banks and companies now offer these cards, but be sure to look into the rates for withdrawing cash when making your decision. When using these cards abroad you will use them to withdraw the local currency from an ATM and not the currency that you loaded onto the card.

ATMs

These are available in most major cities along our route and allow you to withdraw local currency only. We discourage you from relying on your ATM card as a primary source of funds in case it is lost/stolen/swallowed, or the machine isn't working. In some destinations we probably won't even see a bank or ATM for days on end. Even where do find them, they cannot always be relied upon - things change, and ATMs don't always work! Besides memorising your PIN, it is also important to be aware of your daily withdrawal limit and bank withdrawal costs.

Tipping

Tipping in South America is customary and often expected, and local attitudes towards tipping are different to what we are used to in the West. It is often more than a reward for services well done but as wages are extremely low, it is an accepted means of supplementing an income. As a general rule, tipping around 10% of the total bill in restaurants is a good guide, and the same amounts usually apply for activities and excursions.

Because it can be difficult to know what to tip, and as it has such importance in some areas both economically and culturally, there may be times and activities for which your crew will make it clear what level of tipping is 'customary/expected'. They may also be quite enthusiastic or assertive in encouraging you to take account of these suggestions. This is motivated by the knowledge of how important tipping can be, and the offence or confusion that can be caused when local people are tipped poorly. In the end, tipping remains at the discretion of the individual, but our crew will continue to advise on normal rates, and we would ask you to carefully consider the economic or personal impact of being seen to 'under tip'. We know that many who travel with us are on a tight budget, but ask you to remember that those we work with locally may also face financial hardship, and also work very hard to try to give you unrivalled service/experiences.

As a very rough guide, we would suggest that you budget for an amount equal to 10% of the local payment for your trip, plus 10% of the cost of any of the listed optional excursions that you wish to do. The amounts you end up tipping may vary from a rigid 10%, but hopefully this will help you budget in general.

On the Inca Trail, your crew will advise you what the expected tipping amounts are before the trek. It may seem unusual to be asked to tip before receiving a service, but the tips are a crucial part of the income for the guides, cooks and porters, and it is important that this gets shared out equally and

fairly between them, so you can expect your Oasis Tour Leader to take an active role in ensuring it is done in the correct manner. The tips are usually spread out by the Tour Leader and then given to the travellers to hand out on the last day of the trek.

In the past we have been asked by travellers about tipping your Oasis Crew. If you choose to do this, it would be budgeted separately from the above. Our guys work very hard at making your trip a great travel experience. Working overseas can often be challenging and they are pretty much on call for you 24 hours a day, so it's appreciated as a thank you for hard work and good service, but of course not mandatory. Our suggestion is to budget around US\$1, per person, per day.

CLIMATE

You will experience a varying degree of climatic changes at any time of year, from freezing temperatures (down to as cold as minus -15°C) in the Andes, to scorching heat in the desert and heavy downpours in the jungle (up to as hot and humid as 47°C and 90% humidity).

The rains in the Andes usually occur between November and April. This means downpours once or twice a day with the rest of the day usually warm and sunny, although there will also be times where it may not rain at all for a week or so. April to October is the dry season with clear views of the mountains. It is hot during the day but extremely cold at night with temperatures often well below zero. You will be spending a lot of time at altitude where nights can be very cold at any time of year.

The deserts in Peru can also be cold during the night but can be very hot during the day particularly between October and May. The Amazon Jungle is very hot with high humidity plus regular downpours of rain usually year-round. [View South American Climate Chart](#)

If you are travelling on a trip that goes through Patagonia in July – September, please be aware it will get very cold at times with temperatures well below zero, and you can expect snowfall. Please be prepared for cold conditions, with thermal clothing and the correct sleeping bag.

WHAT TO TAKE

The less you take the less you have to pack, wash & lug home & you can always pick up extras along the way. Most people make the mistake of bringing too much gear. Clothes washing or laundry facilities will be available at least once a week. You will be travelling in the heat & camping in the cold, so bring clothes for all climates; rough stuff is best. Pack according to season: allowing for extremes in temperature (from the constant baking heat in the dry season to the cold and occasional frost overnight in some areas) Make sure that you bring your gear in a traditional soft sided 70 - 90L rucksack or holdall - suitcases are not suitable. **Remember baggage is limited to 20kg per person plus one day bag.**

• Sleeping Bag - 3 to 4 season bag, depending on season, & sleep sheet • Foam sleeping mat or thermarest & repair kit • Small day-pack or small bag to carry daily items • Soft rucksack or holdall (NOT rigid suitcase) • Water bottle - for personal use - we recommend Water-to-Go (see below Responsible Travel)	• Soap, shampoo, toothbrush/paste, antibacterial hand wash, lip balm & moisturiser • Sun block 35 + after sun, hat & sun glasses • Tampons (can buy in most places) • Contraception
Clothes	Personal Effects

Recommended Medical Kit List	
• Antiseptic ointment/Antihistamine cream & tablets • Nurofen or equivalent pain-killer • Eye-drops/bath • Anti-diarrhoea treatment • A couple of bandages (elasticated & triangular) • Medication for personal allergies/asthma etc • Insect repellent containing Deet	• Re-hydration sachets/vitamin tablets • Assorted plasters • 1 Course of malaria treatment • Some suitable antibiotics as recommended by your doctor for infected cuts or to treat severe dysentery • Malaria Tablets - see Vaccinations & Health section

Please note that **in the winter months** (June - September) it can be very cold, especially at altitude, so we recommend that you bring extra layers of be prepared to purchase some when you are in Peru, Bolivia & Patagonia.

Even though our trucks are equipped with a comprehensive medical kit, we advise you to bring a small personal medical kit as our truck kit is not for general everyday use. It will also be your responsibility to carry your kit on included excursions and optional activities as some local operators may not have medical kits to hand.

PHOTOGRAPHY AND ELECTRICAL EQUIPMENT

Cameras (incl. Digital & Video Cameras) - An easy to use 'point and shoot' will get you some good photos. For memorable shots, it may be worthwhile investing in an SLR camera, but be sure to get some practice in before the trip! Most towns and cities have internet cafes where you can download onto CD/internet sites - but don't rely on it. Internet speeds can be slow for uploading photos to social media or the Cloud.

Photography - Be aware of your surroundings when taking photographs and filming. Some locations will be sensitive or have local laws banning photography. For example it is usually forbidden to use cameras at borders or around government buildings, military installations, bridges and airports or to take photos of local officials. If you do take photos or film where it is not permitted you may find yourself being questioned by irate officials who may decide to confiscate your camera or instruct you to delete all the images/footage on your device. If in doubt ask for permission, or if there is no-one to ask use some common sense.

Drones - As the use of drones becomes more common, countries throughout the world are gradually updating their laws and restrictions on usage. The specific regulations will vary from one country to another, so do check the UK Foreign and Commonwealth Office advice for the latest information. As with cameras, use your common sense if you do use a drone and avoid operation in sensitive areas. If you plan to bring a drone on your trip with us please contact us first to ensure there will be a suitable place to store it while on your trip.

Electrical charging & power supply - It may be difficult to find a power source for charging at times, so a spare battery is a must.

Consider a 12V in-car charger (our vehicles are equipped with a couple of 12 volt cigarette lighter charger sockets - truck trips only) or bring along your 230V mains charger and travel adaptor plug for use at some of the hotels, hostels and campsites we stay at.

NOTE: 12V - 230V inverters cannot be used on our vehicles because of the power drain they cause.

Log onto www.whatplug.net for information regarding the different electrical plugs and voltage used in each country.

CONTACTING HOME

The internet and WiFi are readily available in almost every town and city you will visit; most hotels and hostels will have free WiFi as will many bars and cafes. Do bear in mind that the connections can be unreliable and will not always be as fast as you are used to at home. If a lot of people try to use the internet at the same time the speed will be slower still, especially if trying to make Skype calls or upload photos/videos. During periods of the trip where we are camping, internet will be less common.

Some travellers choose to take an unlocked mobile phone with them and buy local SIM cards in each country, allowing them to use mobile data. If you particularly want or need regular internet access this

may be a good option. Telephone calls can be expensive usually £1 to £5 for a three minute call.

Online Diaries - A great variety of free "travel blogs" are now available online, they are a good way of keeping relatives and friend up to date with what you are doing and a good place to upload photos, collecting messages as well as keeping a record for yourself.

SECURITY

All major cities have their share of petty crime (just like our cities) and sensible precautions need to be taken. Wearing expensive looking jewellery or watches and carrying cameras will draw unnecessary attention to you. Leave valuables such as passports and excess money in your hotel safe or truck safe (we recommend carrying a copy of your passport details page at all times). You may find a simple money belt is more discreet than a bag. Always be aware of your surroundings and when approached by people you do not know, use your common sense. At night in cities it's best to use a taxi, rather than walking around the streets, single women in particular need to be careful and we would suggest that it is safer to be in a group.

On board the truck - each vehicle is fitted with a hidden, lockable safe to be used for money, passports and important documents. Group members will be responsible for the safe and Oasis Overland cannot accept any liability for clients' personal or monetary contents kept in the safe or on board the truck. We advise you to not take items of value that are not essential for the journey. In certain areas a roster may be drawn up for the group to share the task of keeping watch over the truck.

FCDO Advice - the UK Foreign, Commonwealth and Development Office (FCDO) offer country-specific advice, regarding not only security but also entry regulations, local laws and customs and health. We strongly recommend all travellers visit the FCDO website, or the equivalent in their home country, to familiarise themselves with local conditions and potential issues in the countries they plan to visit before committing to a trip with us. You can view their website [here](#).

As an adventure tour operator, some of our trips will travel to areas that are rarely-visited and occasionally attract negative publicity. We are not in the business of taking our travellers or indeed staff to regions that we consider dangerous and the safety of all who travel with us is always our main priority, but as a discerning customer we understand you will want to be aware of any risks before travelling. We liaise with the FCDO on specific regions or areas as necessary, as well as monitoring open media outlets and political risk resources and speaking to our contacts on the ground.

In some rare cases, our trips may have to travel through areas against which the FCDO either 'advise against all but essential travel' or 'advise against all travel'. When our trips travel through these areas we will carry out all due diligence and notify you in advance. This advice can change without notice. In these instances you will need to ensure you have full and comprehensive travel insurance that includes cover for these areas – some policies will exclude them. We are able to provide additional cover, if required, at additional cost. It may also be required that you read and sign a short

information sheet confirming you have been advised of the risks and agree to travel contrary to the FCDO advice.

If you have any questions at all about the safety or security of your trip, please do not hesitate to contact us and we will be happy to discuss your trip in more detail.

ADDITIONAL INFORMATION

The Inca Trail and Machu Picchu

We do not include the cost of trekking to Machu Picchu in our Overland trips that visit Peru. Instead, we offer several different options, depending on whether you want to trek or take things more easily and just see Machu Picchu.

Machu Picchu by train

If you do not want to do a multi-day hike, then you can stay behind in Cusco for a couple of extra free days, and then take an option to visit Machu Picchu by train. We transfer you by road and train to the town of Aguas Calientes where you spend the night in a hotel. The next morning you then head up to Machu Picchu and enjoy a 2 hour guided tour followed by free time to explore the site. You then return back to Cusco by train and road again, this time joining together with people from the group who have taken the trekking option. Prices are based on a minimum of 2 people taking this option, and a single room supplement applies for any solo travellers staying in the hotel in Aguas Calientes.

Trekking

We offer 3 routes - [Classic](#), [Salkantay](#) and [Lares](#) - (subject to season and availability), all accompanied by knowledgeable guides and porters.

Our first choice trek is the Classic trail. As availability is limited we will move quickly after booking to obtain you a permit where possible. It is VERY important to note that as soon as we purchase your permit it is non-transferable, and non-refundable. Your permit will be linked to your passport details, so please make sure you enter these correctly at the time of booking. If you are intending renewing your passport then please let us know at the point of booking. In order to trek you will need to be in possession of both your passport and your permit – and the passport details have to match otherwise the permit issuing authorities will not let you trek. If you need any further clarification then please contact us.

When the Classic trail is not available, we will arrange the Lares trail at no extra charge (subject to minimum 3 people). If you wish to trek either the Lares or Salkantay by choice, you must let us know at the time of booking. An additional fee may be payable, but we will discuss this with you. All of the treks visit Machu Picchu for the day.

For more information about the treks including maps please click below for the three routes and treks:

[Classic](#) [Lares](#) [Salkantay](#)

Tipping on the Inca Trail - Before you start your trek, your Oasis Tour Leader will advise you and other travellers of the suggested tipping amount for the guides, porters and cooks on the trek (this applies to the Classic, Lares and Salkantay treks). Tipping is a vital part of the income for the staff who work on the treks, and it is expected. It is not compulsory, but if you choose not to tip it will be viewed suspiciously and negatively by the local staff and as such we respectfully ask all our travellers trekking to pay the requested amount. We are advised by the local operators what the suggested tipping amount is for each trek, and you will be asked to contribute, before the trek departs. It is usually around US\$50 per person, which is then shared out amongst the guides, porters and cooks.

Porters - Personal porters are available who can carry a **maximum of 6kgs** of your equipment whilst on the Classic Inca trail. Please let your tour leader know if you would like to add one of these (price approx. US\$90 per person). At the briefing the Guide would provide you with a duffle bag to pack your equipment into which will be available at camp each night. Your sleeping bag is not included in this weight limit.

Huayna Picchu - Some people like to climb the nearby summit of Huayna Picchu during their time at Machu Picchu. One of the main reasons for doing this would be for the view from the top of it over Machu Picchu. Because of its increasing popularity the local authorities have introduced a permit system to control numbers and collect funds from those wanting to do this. Permits can sell out a long time in advance, and you therefore need to request us to purchase you a permit urgently if you want to do this. You can request this by clicking the Huayna Picchu 'add-on' through your account. There are 400 permits available per day currently. Once requested your tickets cannot be refunded or exchanged, as it is arranged with your specific name and passport details.

The ascent of Huayna Picchu is very steep in places and it can take about an hour to the top. It will be your responsibility to be at the entrance point at the right time, and should you be late then you will unfortunately forfeit your opportunity to go up. The climb is done on the same day that you are visiting the ruins at Machu Picchu, so reduces your time wandering around the ruins. Please bear in mind that to get up and down can take around three hours, and is very steep in places. It is not really for those who are unfit, or scared of heights. The path is pretty deteriorated in places so some light scrambling is required.

W-Trek, Torres del Paine

Explore South America's finest national park. This 6 Day / 5 night option will take you on trails to the mighty granite pillars of Los Torres, through the imposing French Valley and magnificent Grey's Glacier. Hike through emerald forests, to magnificent glaciers, along alpine rivers and lakes, with picturesque mountain vistas while in this area of unparalleled beauty.

The **W Trek** is a challenging hike with some tricky terrain and steep ascents and descents. You do not need to be a specialist or experienced hiker to complete the trek, but you do need to be in moderate to good health with a decent level of fitness. The Active **W Trek** is a popular, camping style multi-day adventure program.

Spaces to hike the **W Trek** are limited and issued on a first-come-first-served basis and subject to availability at all times, so if you want to join this trek it is recommended you add this at the time of your booking. If we are unable to confirm your space you will be refunded in full, including your deposit.

Visas obtained at borders and embassies during the trip must be paid for in **USD CASH ONLY**, as stipulated by the relevant immigration officials. Evisas will require payment online by credit or debit card.

Transiting via the USA - Travellers who are flying to South America via the US will require either a US visa or for certain nationalities an Electronic System for Travel Authorization (ESTA) to take advantage of the visa waiver programme. These can be processed and paid for [here](#).

If you have travelled to Iran, Iraq, Sudan, Syria, Libya, Somalia or Yemen since March 2011 you will not qualify for the ESTA and must apply for a visa.

It is very important you establish your ESTA eligibility and have the correct documentation before departing, as if you do not have the right authorisation upon checking in at the airport you may not be permitted to travel.

WHAT TO EXPECT

LIFE ON THE ROAD

Guides

To give you the most authentic experience on our South America small-group tours, we use specialist local guides and representatives for different sections of our trips. For example, we use different guides for the activities between Lima and Arequipa, to the trekking specialist guides who accompany you from Cuzco on the Inca Trail. For the Amazon jungle sections in both Peru and Bolivia the staff of the lodge there will look after you, and on Lake Titicaca a local family on the lake hosts you. We like to arrange things this way as we feel it gives you a more immersive experience with different local people, who know their area better than any Western tour guide we could send on the trip ever

could.

Accommodation

We use a mixture of local hotels and guesthouses along the way using shared rooms (between 2 people of the same sex from your trip) unless you are a couple or you have requested a specific type of room. It must be remembered that the Hotels we use are an integral part of Peru & Bolivia and can suffer from common problems that can affect all levels of hotels such as, electrical failure, plumbing faults and other technical difficulties and hot water may occasionally be temperamental if a lot of people are using the showers at the same time. This is a possibility throughout all classes of hotels. On our **Family Trips** we use shared rooms, usually with parents in one room and children in another, though we can make amendments to this if requested. Large family and interconnected rooms are not very common in South America; most rooms are singles, twins or doubles.

Solo travellers may choose to share a same-sex twin or triple room with other travellers on the tour (if available), or can choose to add a single room supplement to guarantee a single room throughout the trip. If a same-sex room share is not available, then this single supplement will need to be added to your booking. Room shares are arranged in order of booking.

During the four days Inca Trail hike we camp. Tents are provided and sleeping bags can be hired (see Inca Trail section for more information on the various hikes).

Transport

We use a mixture of public / local buses and trains, comfortable overnight sleeper coaches, private charter vehicles, boat and several internal flights (only where absolutely necessary on some trips) between cities, allowing you more time to explore.

Meals

Most breakfasts are included whilst on tour plus many other meals on activities such as the Inca Trek and the Salar de Uyuni. Please check your itinerary for a day by day breakdown. We find that most people appreciate sampling the culinary tastes of South America and class this as one of their favourite pastimes. This is why we do not include every meal - allowing each person the chance to try out some of the local cuisine from markets, restaurants & cafes.

Vegetarians / Vegans / Coeliacs / Gluten & Lactose intolerance

Our local representatives and guides will always do their best to cater for any dietary requirement or intolerance whenever possible. However we do not cater for fussy eaters. It must be remembered that the variety of dishes available may not be the same as available to meat eaters. If there is anything in particular you require in your diet or because of an allergy or would miss from home, it would be best to bring these with you, due to the high cost and scarcity of these specialised and often imported foods.

Remember when eating out in local restaurants & hotels that vegetarianism or food allergies / intolerances, are still not widely known about or understood by many local people. i.e Vegetarians or Vegans will often be offered fish or chicken in error. Most large towns and cities, or areas used to tourists, will often have more choice but please be aware that it will probably not be as varied as you are used to when eating out at home.

Distance and Time 'En Route'

Peru is a large country, and on this trip there is a lot of ground to cover. There are a few long drives, but the transport is clean, comfortable and safe, and we make sure that after a long drive we stay in the same place for a few days, for example in Arequipa and Cusco. We also make comfort stops and stop off at sites of interest along the way, where possible, so you don't feel too rushed, even on travel days.

LIFE ON THE ROAD

The Oasis truck will be your new home giving you a comfortable, secure base with which to experience your trip. As part of the adventure you will be expected to have an active involvement in the day to day running of the trip, be part of the group and get stuck in and help with various tasks, whether it's cooking meals over open fires, pitching your tent or keeping the truck clean & tidy.

Itinerary

Because Oasis Overland do not operate normal 'package holidays' the itineraries given cannot be guaranteed to run exactly as outlined. However, it is rare that we have to make major changes and in the event that we do this will be discussed with you either before or during the trip. It is important to bear in mind that should it not be possible to enter a certain country due to safety concerns, visa problems or political turmoil etc, and it becomes necessary to fly over a country in order to continue a trip, that all costs for flights will be borne by you and not Oasis. Should it not be possible for an Oasis trip to begin from a scheduled starting city due to border closures, civil unrest etc, Oasis will make all reasonable efforts to begin the trip from an alternative location. However, all additional costs that you may incur in travelling to the alternative location will be paid by you or your insurance company and not Oasis.

Seatbelts

All Oasis Overland trucks are fitted with seat belts. For your own safety and security we recommend that travellers wear these at all times whilst the vehicle is moving.

Accommodation

Camping - Oasis provides tents for those nights you will be camping. Tents are shared (between two people of the same sex from your group unless you are a couple). We spend some nights bush or desert camping, and on some occasions it is necessary to camp at overnight services, which are basic but equipped with showers and other facilities; the rest of the time in campsites. Facilities and

standards at campsites vary, some are well equipped and managed and some are very basic. At bush camps you will be living off the truck, so there will be no showers or en-suite facilities! At certain campsites there is the opportunity to upgrade to a private room at your own expense if you are missing your bed.

Simple Hotels/Hostels - At some locations we will stay at small locally owned hostels/hotels. These are usually basic places, and often the accommodation will be mixed sex dormitory style. Upgrades may be available on arrival, but cannot be reliably pre- booked. Please be aware that the quality of accommodation can vary quite a lot from area to area and sometimes in a small hotel the standard of rooms can vary even from one room to the next - so there needs to be a level of understanding within the group that your Oasis Crew does not often have power over room allocation or services provided by various hotels and it is unavoidable that they have to rely on the local staff. Please note if you choose to participate on an overnight optional activity, then you will not receive reimbursement for any accommodation or meals that you are missing out on with the rest of the group.

During the day

As a guide, driving days normally start at about 8am and finish at about 5pm, with stops for lunch and buying food, seeing local sights etc. We won't be driving every day, although there are times when we will drive for two, but we will then stop for a few days and you will have free time to explore, meet local people, do some optional activities or just relax and do your own thing. Expect to sometimes get dusty & dishevelled during the day and although you will be able to shower most nights (except at bush camps), not all camps will have hot showers.

Meals & cook groups

When 'on the road' or camping, we usually cook using gas or over open fires in a rota system and you can expect to cook in a group of two or three people approximately once every ten days depending on the number of people on trip and whereabouts you are. Your cook group will have to decide on what to cook, utilise stocks from the truck stores and locally obtain ingredients from markets, shops etc. and rustle up a meal. But don't worry if you're not a Gordon Ramsay, as the rest of the group and the Tour Leader usually lend a helping hand. Here is an idea of what to expect at meal times:

Breakfasts: Usually simple - we help ourselves to cereal, toast, hot drinks and on occasion we will splurge with a cooked breakfast.

Lunch: Cold and usually quick. The cook group will put out bread, tinned supplies and maybe make a salad.

Dinner: Cooks come into their own in the evening, and will always attempt to cook up some delights.

When staying in hotels in towns or cities we do not include meals. This is your chance to go out and explore and try local cuisine in local restaurants.

Vegetarians / Vegans / Coeliacs / Gluten & Lactose intolerance - Our Tour Leaders will always do their best to cater for any dietary requirement or intolerance whenever possible. However we do not cater for fussy eaters. It must be remembered that the variety of dishes available to Vegetarians may not be the same as available to meat eaters. If there is anything in particular you require in your diet or because of an allergy or would miss from home, it would be best to bring these with you, as these cannot be purchased with normal Local Payment funds due to the high cost of these specialised and often imported foods.

Remember that when eating out in local restaurants & hotels that vegetarianism or food allergies / intolerance's, are still not widely known about or understood by many local people. i.e Vegetarians or Vegans will often be offered fish or chicken in error. Most large towns and cities, or areas used to tourists, will often have more choice but please be aware that it will probably not be as varied as you are used to when eating out at home.

In the evenings

When at a bushcamp or campsite, you and your tent buddy will put up the tent, and then lend a hand with getting out the tables, stools, firewood and water containers. The fire grates need to be taken out, the fire lit and someone can fill the kettle and make hot drinks while the cook group prepares the evening meal. Then just sit back, chill and enjoy the rest of your evening!

Oasis Crew

We usually have two Crew whose duties are extensive and quite demanding, with challenges ranging from driving and maintaining the expedition vehicle to a high standard, to organising visas and border crossings, arranging accommodation, pre-booking some excursions and guides, helping with shopping and cooking as well as finding the best deals, socialising and making sure everything runs as smoothly as possible. Whilst our Crew are usually experienced and knowledgeable, they are not tour guides as such. Our trips pass through many countries and our Tour Leaders cannot be expected to have detailed knowledge of each countries history, flora and fauna and archaeological sites. Even so - they will be more than willing to pass on any interesting and useful information that they have acquired whilst on the road. A rewarding way to gain a better insight into the wildlife, cultural and historical diversity of the countries we travel through is by reading guide books as well as talking to the local people and using local guides.

Adventure travel can be unpredictable and occasionally our Crew may have to amend the itinerary to take into account changing local circumstances or because of a delay at a border or because of circumstances outside our control. This can all lead to additional work and commitment for our Crew who will do all they can to minimise any disruption to the trip. While our Crew are essentially on call 24 hours a day 7 days a week, it has to be remembered that no one is actually expected to work these hours, so at Oasis we are realistic that within a trip there will be times when our Crew need 'down time' and a chance to relax and 'let their hair down' as well. They are only human!

Ica Desert to Arequipa

Travel to Peru is not complete without a trip to one of the world's greatest archaeological mysteries - **the Nazca Lines**. Only discovered 80 years ago from the air, these huge figures carved into the desert floor are best viewed by light aircraft. Thought to have been made by three different civilisations going back more than 2000 years, there are many contrasting theories about what they signify and why they are there, it is worthwhile asking local opinion - you may well be surprised with the replies! Also memorable is a visit to **Chauchilla Cemetery** with its well-preserved mummies. Leaving the Atacama Desert we begin to climb into the Andes mountain range on our overnight coach journey towards **Arequipa**. *(Breakfast)*

Overnight: Sleeper coach

We head out early from Cusco to the Urubamba Valley from where we begin our 4 day hike along the Inca Trail to **Machu Picchu**. This moderate to strenuous hike is a once in a lifetime experience and anyone with a good level of fitness will enjoy it. A stunning combination of awesome views, Inca ruins, magnificent mountains and exotic adventure. There are several treks which you can take in Machu Picchu. Besides seeing Machu Picchu, you are able to enjoy the architectural uniqueness of Cusco and explore some of the colourful surrounding markets. Bordering Peru and Bolivia at 3800m lies **Lake Titicaca** which will be one of the most memorable stops on your tour. By boat we visit the floating islands during the day and then we go that one step beyond the average and spend the night with one of the Indian families on the lesser known islands **Isla Amantani or Taquile**. Spending some time in these local communities is a definite highlight of travel to Peru and is almost like stepping back in time. This experience will provide a unique opportunity to learn more about the traditional lifestyle of the Andean people and their customs as well as supporting these families with some extra income.

search for more fauna, such as birds, caiman, and the famous Amazonian **Anaconda**. In the afternoon we get back to the river and we look for a good spot for fishing piranhas and swimming with the extraordinary **Pink Dolphins** known as Bufeó. We feel that having optional excursions gives a greater degree of flexibility and independence to our group members; independence to decide how much your spending budget can afford; flexibility to decide when and what time of day or with whom to visit a particular site, rather than for example, with the whole group at a pre-ordained time.

You pay for the optional excursions to the local operator, ensuring the money stays with that operator in the local community and this ensures as well, that you are paying the true price for any optional excursions you want to do. This also applies to accommodation costs before and after the trip. Please note that the prices of optional excursions quoted are approximate as local prices can and do change. Please see the relevant trip page for the Optional excursions you can do on that trip and a list of prices.
