Your passport must be valid for at least 6 months AFTER your trip finishes. This is a general requirement for all of the countries we travel to on our trips.

For more information on other nationalities & visas checkout www.projectvisa.com

Morocco

- **All trips:**

Passport Holders from UK, Ireland, Australia, New Zealand, USA, Canada and most EU countries will not require a visa to enter Morocco.

South African passport holders require a **visa in advance** to enter Morocco. This needs to be obtained through a Moroccan embassy or consulate in your home country, before beginning the trip. Please contact your nearest High Commission to find out more.

Passport Holders from other countries, will need to check the current visa requirements with the relevant consulate, and whether you need to obtain the visa in advance.

VACCINATIONS AND HEALTH

It is possible that you may require some vaccinations for your trip, depending on the areas that you are visiting. As we are not medically trained, we are unable to give detailed advice on vaccination requirements. We have worked closely with **Nomad Travel Clinics** for many years and they offer Oasis travellers a **10% discount** on vaccinations, anti-malarial drugs, first aid items, clothing and equipment, just enter discount code OASIS1000 at www.nomadtravel.co.uk. Alternatively you can check out the [fit for travel website](#) for more travel health information or consult a reputable travel clinic or your GP for information and advice. We suggest that you allow at least 8 weeks to get all your vaccinations.

Health - To join our trips you should be in good general health. Your medical insurance company must be told if you have any pre-existing medical condition / allergy or if you are on any regular medication, otherwise you may not be covered under your policies for these. Our crew will need to know of any medication or conditions you may have. For general health advice log onto www.nathnac.org/travel/

TRAVEL INSURANCE

It is a compulsory requirement that you have adequate travel insurance before you join any Oasis trip and at the very least are insured for all necessary medical and repatriation costs incurred.

You will be asked to provide the following details if you have not already done so: travel insurance company name, insurance policy number & insurance emergency telephone number. You will also be required to give a copy of your policy with this information to your Tour Leader on arrival with confirmation that the policy duration is sufficient to cover you for the entire duration of your trip. It is also wise to leave a copy of your insurance policy with a friend or relative for safe keeping.

We believe that your safety and holiday enjoyment are very important. It is a mistake to think that "it will never happen to me". It is also very important that you are covered for all the activities that you

may wish to undertake while on our trip. It is extremely important that you check the full extent of your cover related to 24 hour Medical Emergency Assistance. In the event of you needing medical treatment you want to know that you have the best cover available to you. Your policy should include adequate Medical Emergency and Repatriation cover as well as Cancellation, Baggage and Personal Liability cover. You need to be aware of EXACTLY what activities your policy covers you for. Please note that skiing is not usually covered in most insurance policies. Please note also that many of the areas we visit are not as developed as the UK and we have no control over the availability or standard of medical and repatriation services and facilities in the areas we visit and these do not form any part of our contract with you.

You should also note that passenger liability insurance covering vehicles, particularly in Third World countries, may be unavailable or inadequate; it is therefore important that your insurance cover makes sufficient provision for you and your dependents in the event of an accident.

We are happy to refer our UK based travellers to the travel insurance specialists [Campbell Irvine](#) who have a policy suitable for overlanding which covers most of the adventure and sporting activities on our trips.

Please be aware that most travel insurance policies will not cover you if you are visiting areas against government travel advice. If your trip will go through areas like this (for example, some of our Trans Africa routes through West Africa) then you may need to look at an alternative policy for these sections, for example [Battleface](#) or [SafetyWing](#).

For further information, check out the [Travel Insurance](#) section of our website.

CLIMATE

Morocco makes for a good destination all year round. Daily sunshine ranges from 13 hours in the desert to 9 and 10 on the Atlantic coast. In the winter, you will see up to 6 hours in the North, increasing to 7 or 8 as you move south.

The north coast and the Rif mountains have a Mediterranean style climate: hot and generally continuous sunshine between May and September, interspersed with rainy periods for the rest of the year. The Atlantic coast sees most rain, with the heaviest falls in winter. The coast is very mild in winter, and avoids the snow that can be seen throughout the year on the peaks of the Atlas mountains. The night time temperatures up in the Atlas mountains are likely to be very cold. We would advise thermal layers at night-time and a good 4 season sleeping bag. We can experience rain on our Sept. and May departures-although it is more likely for Sept. [View Moroccan Climate Chart](#)

CONTACTING HOME

The internet and WiFi are available in many towns / cities you will visit. Do bear in mind that the connections can be unreliable and will not always be as fast as you are used to at home. If a lot of people try to use the internet at the same time the speed will be slower still, especially if trying to make Skype calls or upload photos / videos. During periods of the trip where we are wild camping, internet will be less common.

Some travellers choose to take an unlocked mobile phone with them and buy local SIM cards in each country, allowing them to use mobile data. If you particularly want or need regular internet access this may be a good option. Telephone calls can be expensive usually £1 to £5 for a three minute call.

Online Diaries - A great variety of free "travel blogs" are now available online, they are a good way of keeping relatives and friend up to date with what you are doing and a good place to upload photos, collecting messages as well as keeping a record for yourself.

RESPONSIBLE TRAVEL

Before you go

- Remove unnecessary packaging before you go - waste disposal facilities are often stretched or non existent in the places we visit. To avoid unnecessary pollution of local water supplies take environmentally friendly toiletries with you.
- Why not invest in a wind-up or solar-powered torch or media player before you travel or at least rechargeable batteries.
- Learn some of the local language and read up on the local history/culture before you go. You'll get so much more out of your trip.
- Why not pack some pens/pencils exercise books in your rucksack and they can be donated to a local school or project while you're away. You can also purchase these items cheaply, locally which will help local businesses.
- Take a sturdy water bottle with you from home that you can re-use throughout your trip. We carry large quantities of purified water with us on our Expedition vehicles and it is much better for the

environment if you drink this, rather than purchase bottled water along the way. (It also saves you money).

- **Water-to-Go:** Oasis Overland have partnered with Water-to-Go to help reduce the number of plastic water bottles consumed during a trip. Water-to-Go is a filtration system that eliminates over 99.9% of all microbiological contaminants including viruses, bacteria, chemicals and heavy metals from any non-salt water source. [Click here](#) and enter the code OASIS15 to purchase your Water-to-Go products at 15% discount. Water-to-Go will then donate a further 15% to Oasis Overland Charity projects.

While you're travelling

From experience gained in running trips, we have developed our own practical and manageable environmental policy which all of our crew practice on the trips we operate, and they will share this information with you at the start of your trip. We welcome your input on this, plus any new ideas you may have, to improve our existing procedures. As a guide here's a few tips to bear in mind.

- Don't waste water. It is a scarce resource in many of the places our trips visit. On all our Ultimate and Overland Expeditions we carry large quantities of purified water with us. We encourage you to refill your own water bottles from this supply, rather than purchase bottled water along the way- much more environmentally friendly and saves you money!
- Never buy endangered species or endangered habitat products. Apart from the fact of it being illegal it also encourages the trade to continue.
- Look after and preserve the areas we visit. Be careful about stepping on coral reefs or trekking on undesignated tracks.
- Buy locally made crafts and products helping to support the local economy.
- Don't feel when bargaining that you have to get the cheapest price possible just for the sake of it. Pay what the item is worth to you & don't worry about what someone else has paid.
- Try the local food and drinks - this will help to support local farmers and food sellers. Sitting in a local cafe is also a great way to meet local people.
- Dispose of litter appropriately on your trip. This includes cigarette butts. Not only does litter look unsightly it can be lethal to wildlife.
- Where any toilet facilities exist, however unsavoury they might seem to you, they should be used. Where they do not, always bury your waste and make sure it is never near, (at least 30m) a water source.
- When game viewing do not encourage your guides to get too close to the wildlife so that their natural behaviour is impeded.
- Respect local customs, traditions and beliefs of the people in the different regions that you travel through.
- Do not take photos of people, ritual events or special places unless you have asked first. Dress appropriately according to local codes and show respect around religious festivals.

- Recycling is almost non-existent in many of the areas and countries we visit - we do the best we can with limited resources & space on our vehicles.
- For books dedicated to travelling more responsibly & ethically see: www.tourismconcern.org.uk

Community Projects - As part of your booking a donation is made to the Ait Ouham Association for Development, a local organisation set up by our own Moroccan Guide in his home valley in the Atlas Mountains. It seeks to improve lives through education, setting up co-operatives and providing basic facilities such as tap water to homes in the area.

SECURITY

The UK Foreign and Commonwealth Office (FCO) offer country-specific advice, regarding not only security but also entry regulations, local laws and customs and health. We strongly recommend all travellers visit the FCO website, or the equivalent in their home country, to familiarise themselves with local conditions and issues in the countries they plan to visit before committing to a trip with us. You can view their website [here](#).

If you have any questions at all about the safety or security of your trip, please do not hesitate to contact us and we will be happy to discuss your trip in more detail.

In cities - All major cities have their share of petty crime (just like our cities) and sensible precautions need to be taken. Wearing expensive looking jewellery or watches and carrying cameras will draw unnecessary attention to you. Leave valuables such as passports and excess money in your hotel safe (we recommend carrying a copy of your passport details page at all times). You may find a simple money belt is more discreet than a bag. Always be aware of your surroundings and when approached by people you do not know, use your common sense. At night in cities it's best to use a taxi, rather than walking around the streets, single women in particular need to be careful and we would suggest that it is safer to be in a group.

Oasis does not take responsibility for clients' personal items and we advise you to not take items of value that are not essential for the journey.

TRAVEL INSURANCE

It is a compulsory requirement that you have adequate travel insurance before you join any Oasis Trip, and at the very least are insured for all necessary medical & repatriation costs incurred if you need them.

You will be asked to provide the following details on the Traveller Information Form that you send in to us after making your booking. If you have not already done so: travel insurance name, insurance policy number & insurance emergency telephone number. You will also be required to give a copy of

your policy with this information to your Tour Leader on arrival with confirmation that the policy duration is sufficient to cover you for the entire duration of your trip. It is also wise to leave a copy of your insurance policy with a friend or relative for safe keeping.

You need to be aware of EXACTLY what activities your policy covers you for. Please note that skiing is not usually covered in most insurance policies.

We offer tailor made Overland Adventure Travel Insurance that covers most of the adventure and sporting activities on our trips.

For further information on the insurance we offer, the activities covered and costs, check out the [Travel Insurance](#) section of our website. UK residents can purchase the insurance we recommend directly through [Campbell Irvine](#).

WHAT TO EXPECT

LIFE ON THE ROAD

You will be travelling within a group size ranging from 2-16 people, so come with an open mind and ready to make new friends! You will be accompanied on your adventure with an experienced Local English speaking guide. They are knowledgeable and passionate about the history and culture of Morocco.

Accommodation & Transport

Transport is by minivan, 4x4 Land Cruiser and Camel! Accommodation is in shared rooms (between 2 people of the same sex from your trip unless you are a couple). We use basic 3 to 4 star hotels along with a night camping in the Desert. Some hotels even have swimming pools and sun-lounge areas. In some hotels you may be able to upgrade to a single room (at your own expense).

Temperatures in Morocco are generally high, particularly during the summer months from May to September, so take sunscreen. However in winter temperatures can drop right down in the evenings, but as long as you bring some warm clothing and a sleeping bag for this night in the desert then you should be more than comfortable.

Altitude

For most tours you do not exceed any altitude that would cause ill effects. However for the Berber Migration in the High Atlas which has an altitude of over 3,000 and is therefore defined as a high altitude area then there are different guidelines as exposure to these heights can cause the onset of altitude sickness. This form of sickness which is the biggest health risk for trekkers can cause people to experience differing degrees of symptoms, which include, headaches, nausea, dizziness, fatigue and shortness of breath. However our treks are designed to ensure there is plenty of time for adequate acclimatisation and cases of mountain sickness are rare. If you do suffer though symptoms will usually decrease in severity during acclimatisation. Throughout the trek it is therefore important to drink plenty of fluids and eat lots of carbohydrate food as well to keep the body properly hydrated and finally and most critically please report any symptoms of altitude sickness immediately to your guide.

Vegetarians / Vegans / Coeliac / Gluten & Lactose intolerance

Our Tour Leaders will always do their best to cater for any dietary requirement or intolerance whenever possible. However we don't cater for fussy eaters. It must be remembered that the variety of dishes available may not be the same as available to meat eaters. If there is anything in particular you require in your diet or because of an allergy or would miss from home, it would be best to bring these with you. Remember that when eating out in local restaurants & hotels sometimes being vegetarian or food allergies / intolerances are still not widely known about or understood by many local people. i.e. Vegetarians or Vegans will often be offered fish or chicken in error. Most large towns and cities, or areas used to tourists, will often have more choice but please be aware that it will probably not be as varied as you are used to when eating out at home.

Ramadan

Ramadan is the holy Islamic month during which Muslims fast during the day and is based on Lunar months. No food or liquid is allowed to pass a person's lips during daylight hours. Tourists are not

expected to fast during this time, but are expected to show respect, by not eating on the streets or in public view etc. Be aware some shops and historical sites may adjust opening times, but this should not significantly affect our itinerary. Hotels and western style pubs we use normally continue to sell alcohol during Ramadan, but general availability may be limited.

People in some regions are generally conservative, especially about matters concerning sex and women. Muslim countries simply are not the place to make a feminist statement. Attitudes range from fairly liberal to fairly conservative in some of the small towns we may pass through. If you are not prepared to fit in with the social code of the area you may be harassed.

Guided city tour – Marrakech	US\$20
Camel Ride – Agafay Desert	US\$30

We feel that having optional excursions gives a greater degree of flexibility and independence to our group members; independence to decide how much your spending budget can afford; flexibility to decide when and what time of day or with whom to visit a particular site, rather than for example, with the whole group at a pre-ordained time.

You pay for the optional excursions to the local operator, ensuring the money stays with that operator in the local community and this ensures as well, that you are paying the true price for any optional excursions you want to do. This also applies to accommodation costs before and after the trip. Please note that the prices of optional excursions quoted are approximate as local prices can and do change. Please see the relevant trip page for the Optional excursions you can do on that trip and a list of prices.
