## ESSENTIAL INFORMATION

---

### ARRIVAL & ACCOMMODATION

**The trip starts from Wildebeest Eco Camp at approximately 8am on the morning of Day 1 of your trip.**

Conveniently located in beautiful Langata it is possible to enjoy the best of both worlds - being close to major tourist attractions, Nairobi National Park and Galleria Shopping centre with good transport links to the city. The camp has large grounds, swimming pool, restaurant, bar, t.v. room, communal fire pit, WiFi and curio shop.

**Trip Joining Point: Wildebeest Eco Camp - Nairobi**

**Start Time Day 1: 08:00**

**Address:** 151 Mokoyeti Road West, Langata, Nairobi

**Telephone:** +254 (0)202 103505

**Website:** [www.wildebeestecocamp.com](http://www.wildebeestecocamp.com)

**Email:** [info@wildebeestecocamp.com](mailto:info@wildebeestecocamp.com)

All prices listed are subject to limited availability and to changes made by the camp. A basic breakfast is included. Additional room and tent types are available via the camp website.

Room Type	Price	Description
Dorm bed	GBP 35	Per Person, shared facilities
Single Garden Tent	GBP 50	Per Tent (for 1 person), shared facilities
Double Garden Tent	GBP 75	Per Tent (for 2 people), shared facilities
Single Cottage Room, en-suite	GBP 75	Per Room (for 1 person)
Double Cottage Room, en-suite	GBP 100	Per Room (for 2 people)

### PRE-TRIP ACCOMMODATION:

**We strongly recommend that you arrive at the camp at least one night before the trip starts.**

You can pre-book this accommodation through us if you wish, or directly with the camp. Our prices are given above, though these are subject to availability at the time of booking. We will require your flight number, arrival time, and arrival date so please ensure this information is forwarded to us as soon as you have booked your flight. Please book this service no later than 6 weeks prior to departure in case of low availability. Any room cancellations are unfortunately non-refundable.

If you are arriving early in the morning and you would like to check in immediately, you may have to reserve your room for the previous night to ensure direct check in, otherwise you may have to wait until normal check in times (usually 12pm to 2pm).

If you plan to stay elsewhere in Nairobi before the trip starts, you will miss the initial briefing and meet up with the crew the evening before departure. Please tell us where you will be staying and ensure that you are at Wildebeest Camp by 07.30am at the latest on Day 1.

### AIRPORT TRANSFERS:

**Airport Transfers are not included** in the cost of your adventure, but we can pre-book and arrange these so that you get a friendly welcome and a smooth transfer straight to the camp when you arrive. Our famous local representative Smiley (by name and by nature!) handles these and is well known to all our crew and hundreds of our travellers over the years.

Transfer Type	Price (p/p)	Description
1 person	GBP 25	1 car. Airport transfer for a solo traveller
2 people	GBP 15	1 car. Per person for 2 people arriving together
3+ people	GBP 10	Per person for 3 or more people arriving together

Once you have processed your visa and collected your luggage, you should follow the crowds to the terminal exit to meet up with your Transfer Representative (Smiley or Amos). **Your driver will be waiting along with all the other transfer drivers and will be holding an Oasis sign.**

If you have not arranged an airport transfer with Oasis, you can arrange a taxi from the Info desk in the airport for approx. \$25 USD. The fare should be agreed before accepting the ride - usually payable in Kenyan Shillings only. It is not advisable to take the bus from the airport as this has been known to attract pickpockets.

For any last minute requests please contact the UK office at [africa@oasisoverland.co.uk](mailto:africa@oasisoverland.co.uk) and we will confirm the costs.

Flying into Jomo Kenyatta International Airport (NBO) is quite straight forward - English is widely spoken and used for signs / directions. It is approx. 15km from the airport to the centre of Nairobi. You should change some money on arrival - we recommend at least \$20 USD pp per day (excl. accomm.) before the trip begins. The rates are similar to those in town but better than at hotels, ATM machines are available in the airport. Please note if you are arriving on a Sunday then make sure you change enough money at the airport to last you for the first week of your trip as the local bureau de changes in Nairobi will be closed on a Sunday.

## PRE-DEPARTURE MEETING

As this trip includes airport transfers and the first night of accommodation in Nairobi, you can arrive at any time on Day 1. Our tour leader will then arrange a welcome meeting at 09.00am on Day 2. There will be a notice in reception and on the Oasis truck which will be at your accommodation reconfirming the time of the welcome meeting. Your Tour Leader will collect 2 photocopies of your **passport information page, insurance policy details** with policy number and confirmation that the duration will cover you for the entire trip and a **24-hour emergency assistance** telephone number. They will also give a truck briefing, a tent building demonstration, and outline the plan for the next few days.

## FLIGHT INFORMATION

You can aim to arrive in Nairobi at anytime on Day 1, and return flights can be booked for anytime on Day 15, and we will provide airport transfers to Zanzibar airport at any time this day. We may batch transfer together, depending on the time you are departing and the number of people on different

flights.

There are many online flight search engines such as [www.skyscanner.net](http://www.skyscanner.net) or [www.ebookers.co.uk](http://www.ebookers.co.uk), flights can also be booked direct with airline websites or through travel agencies. We are not able to book flights for you from the UK ourselves. Please inform us of your flight details at least a few weeks before departure so we can arrange and potentially batch airport transfers together for people arriving/departing on the same flights.

**One way ticket:** If you intend to travel on a one way ticket to meet up with one of our trips, without possessing an onward flight ticket - we recommend that you have a copy of your payment confirmation/receipt (that you will be sent at time of your balance payment) available at immigration to assist easy entry.

## PASSPORTS

### Passports

Your passport must be valid for at least 6 months AFTER your trip finishes. This is a general requirement for all of the countries we travel to on our trips.

If you have dual nationality you can only use one passport for the entire trip. It is your responsibility to ensure you have all the relevant visas you require.

Please bring 2 photocopies of your passport details to give to your tour leader.

Number of blank pages required for the trip, please use this as an approximate guide:

- Kenya - 1 blank pages
- Tanzania - 2 blank pages

## VISAS

The information below is to be used only as a guide and may change without prior notice. It is advisable to contact the relevant embassy in plenty of time before the trip departs to check the current visa requirements. It is **your responsibility** to ensure you have all the relevant visas you require.

**Visas obtained at borders must be paid for in USD cash ONLY.**

Country	British	Irish	Aust	NZ	S.Africa	USA	Canadian
---------	---------	-------	------	----	----------	-----	----------

Kenya	US\$30	US\$30	US\$30	US\$30	US\$30	US\$30	US\$30
Tanzania	US\$50	US\$50	US\$50	US\$50	Free	US\$100	US\$50

Your **Kenyan eTA** must be obtained in advance from the [Kenyan government website](#). Please allow a couple of weeks for this to come through.

Most travellers obtain their **Tanzania visa** at the border with the rest of the group - most nationalities do not need to obtain this in advance. You do not need an additional visa for Zanzibar.

For more information on other nationalities & visas checkout [www.projectvisa.com](http://www.projectvisa.com)

## Kenya

Most nationalities require an Electronic Travel Authorisation (eTA) to enter Kenya which **must be obtained in advance of travel**.

Travellers need to apply via <https://www.etakenya.go.ke/en>. This will take at least 3 days to process but you can apply up to 3 months in advance, so allow yourself plenty of time in case of delays. You will need to either print a copy of your eTA or download it to your mobile to present on departure at the airport and at immigration at your point of entry into Kenya. You may be denied boarding of your flight to Kenya or denied entry to Kenya if you do not have your copy of your eTA with you.

We know that the Kenyan visa websites often have issues taking payments. If your payment doesn't go through, the process will not have completed. We suggest that you:

- try a different website browser
- check your bank has not blocked the payment
- clear your cookies (if you know how) and try again
- wait a few hours or until the next day, and try again

If your trip travels from Kenya to Uganda and Rwanda and then returns to Kenya, your eTA will still be valid for entry when you return.

If you are travelling on the Trans Africa or Nile Trans expeditions you will apply for your eTA whilst on the trip.

## Tanzania

Passport Holders from UK, Ireland, Australia, New Zealand, Canada and most EU countries will require a visa to enter Tanzania. The current cost is \$50 USD with the visa available on arrival at the border. Passport holders from the USA also need a visa and can obtain it on arrival, but the cost is

\$100 USD. Alternatively visas are available in advance via the [Tanzanian government's e-visa website](#). South African passport holders are Free of charge.

Passport Holders from other countries, will need to check the current visa requirements with the relevant consulate, and whether you need to obtain the visa in advance.

For those travelling on the Grand Adventurer, Apes & Lakes and Gorillas, Gameparks & Zanzibar trip, the Tanzanian visa is a Single entry visa and also covers you for Zanzibar.

## VACCINATIONS AND HEALTH

It is possible that you may require some vaccinations for your trip, depending on the areas that you are visiting. As we are not medically trained, we are unable to give detailed advice on vaccination requirements, so please use the information below as a guide only. We have worked closely with **Nomad Travel Clinics** for many years and they offer Oasis travellers a **10% discount** on vaccinations, anti- malarial drugs, first aid items, clothing and equipment, just enter discount code OASIS1000 at [Nomad Travel](#). Alternatively you can check out the [Fit for travel website](#) for more travel health information or consult a reputable travel clinic or your GP for information and advice. We suggest that you allow at least 8 weeks to get all your vaccinations.

**Yellow Fever** - Being vaccinated against Yellow Fever and having a valid certificate and a photocopy is deemed compulsory in nearly all the countries we visit in Africa, especially at certain borders and are needed if you are entering from an infected country. You can view a list of countries requiring a certificate through the [World Health organisation](#).

**Rabies** - Vaccinations are regularly advised for all countries that we travel through in Africa - especially if time and money are not a deterrent.

**Malaria** - In some of the areas we visit there is a risk of contracting Malaria. You must be aware that whatever malaria prophylactics you are taking, they only offer partial protection. They must be coupled with your own physical efforts against being bitten - which is the best prevention. Malaria-carrying mosquitoes come out at sunset so from this time you should wear long sleeves and trousers. Exposed skin, especially ankles, should have insect repellent containing 'Deet' applied to them. Your crew will advise on where the worst affected areas are on the trip. There are a number of prophylactic malaria treatments on the market & requirements change. It is also wise to take a sample of whichever prophylactic you choose, a few weeks before you leave. This way you may determine early on if you have any adverse reactions so you can change the regimen if necessary. Please consult a reputable travel clinic or GP for advice. For more information visit [Nomad Travel](#) or [Fit for the Travel](#) website.

**Dengue** - Unlike the malaria mosquito, which bites at night, the dengue carrying mosquito bites during the day. Some areas we travel to do have occasional outbreaks & it is therefore advised that

you take care not to be bitten during the day as well as at night. There is no vaccine available.

**Health** - To join our trips you should be in good general health. Your medical insurance company must be told if you have any pre-existing medical condition / allergy or if you are on any regular medication, otherwise you may not be covered under your policies for these. Our crew will need to know of any medication or conditions you may have. For general health advice log onto [here](#).

## TRAVEL INSURANCE

It is a compulsory requirement that you have adequate travel insurance before you join any Oasis Trip & at the very least are insured for all necessary medical & repatriation costs incurred.

You will be asked to provide the following details if you have not already done so: travel insurance name, insurance policy number & insurance emergency telephone number. You will also be required to give a copy of your policy with this information to your Tour Leader on arrival with confirmation that the policy duration is sufficient to cover you for the entire duration of your trip. It is also wise to leave a copy of your insurance policy with a friend or relative for safe keeping.

We believe that your safety and holiday enjoyment are very important. It is a mistake to think that "it will never happen to me". It is also very important that you are covered for all the activities that you may wish to undertake while on our trip. It is extremely important that you check the full extent of your cover related to 24 hour Medical Emergency Assistance. In the event of you needing medical treatment you want to know that you have the best cover available to you. Your policy should include adequate Medical Emergency and Repatriation cover as well as Cancellation, Baggage and Personal Liability cover. You need to be aware of EXACTLY what activities your policy covers you for. Please note that skiing is not usually covered in most insurance policies.

We offer tailor made Overland Adventure Travel Insurance that covers most of the adventure and sporting activities on our trips.

For further information on the insurance we offer, the activities covered and costs, check out the [Travel Insurance](#) section of our website.

### **IMPORTANT INSURANCE INFORMATION FOR THOSE VISITING ZANZIBAR:**

The Zanzibar Government have announced the introduction of a travel insurance policy which will be obligatory for all foreign visitors to the islands, regardless of whether travellers have their own travel insurance in place.

1. The insurance policy is sold by Zanzibar Insurance Corporation.
2. The cost is US\$44 per person.
3. The insurance requirement comes into force on 1st October 2024.
4. The policy must be purchased online at [visitzanzibar.go.tz](http://visitzanzibar.go.tz) and purchases can be made from 1st September 2024.
5. Payment can be made online by debit or credit card.
6. On completion of the purchase, visitors will receive a QR code. The policy documents will be sent to your registered email address.
7. The policy document and QR code must be presented on in Zanzibar. Entry will be refused without this documentation.

To ensure you have a smooth entry, please ensure the above policy is purchased in advance of your arrival.

### **CLIMATE**

In East Africa (Kenya, Uganda, Tanzania) the year is loosely divided into the 'short' rains (November) and the 'long' rains (March to May). The 'rains' usually last for one or two hours each day followed by hot sunny weather. Nights can be surprisingly cold at higher altitude in western Uganda, Ngorongoro Crater & The Rift Valley.

In Southern Africa (Malawi, Zimbabwe, Botswana, Namibia and South Africa) the 'dry' season is April to October when the nights can be quite cold, particularly in June and July when it is very cold at night. Day temperatures are very pleasant at this time, usually mid 20s (°C). From November to March the weather is hotter and there is summer rainfall, although this is very intermittent when it may not rain for months, or it can rain for a day at a time. [View African Climate Chart](#)

## WHAT TO TAKE

The less you take the less you have to pack, wash & lug home & you can always pick up extras along the way. Most people make the mistake of bringing too much. Clothes washing or laundry facilities will be available at least once a week. You will be travelling in the heat & camping in the cold, so bring clothes for all climates; rough stuff is best. Pack according to season: summer is very hot in places & winter can be very cold with occasional frost overnight in the south. (May to Aug can be very cold in Southern Africa). Make sure that you bring your gear in a 70-90L rucksack or holdall - suitcases are not suitable.

Equipment	Toiletries - Most available to buy on trip
<ul style="list-style-type: none"> <li>• Sleeping Bag - 3 to 4 season bag, depending on season, &amp; sleep sheet</li> <li>• Foam sleeping mat or thermarest &amp; repair kit</li> <li>• Small day-pack or small bag to carry daily items</li> <li>• Soft rucksack or holdall (NOT rigid suitcase)</li> <li>• Water bottle - for personal use - we recommend Water-to-Go (see below Responsible Travel)</li> </ul>	<ul style="list-style-type: none"> <li>• Soap, shampoo, toothbrush/paste, antibacterial hand wash, lip balm &amp; moisturiser</li> <li>• Sun block 35 + after sun, hat &amp; sun glasses</li> <li>• Tampons (can buy in most places)</li> <li>• Contraception</li> </ul>
Clothes	Personal Effects

Recommended Medical Kit List	
<ul style="list-style-type: none"> <li>• Antiseptic ointment/Antihistamine cream &amp; tablets</li> <li>• Nurofen or equivalent pain-killer</li> <li>• Eye-drops/bath</li> <li>• Anti-diarrhoea treatment</li> <li>• A couple of bandages (elasticated &amp; triangular)</li> <li>• Medication for personal allergies/asthma etc</li> <li>• Insect repellent containing Deet</li> </ul>	<ul style="list-style-type: none"> <li>• Some suitable antibiotics as recommended by your doctor for infected cuts or to treat severe dysentery</li> <li>• Rehydration sachets/vitamin tablets <ul style="list-style-type: none"> <li>• Assorted plasters</li> </ul> </li> <li>• 1 Course of malaria treatment</li> <li>• Malaria Tablets - see Vaccinations &amp; Health section</li> </ul>

Even though our trucks are equipped with a comprehensive medical kit, we advise you to bring a small personal medical kit as our truck kit is not for general everyday use. It will also be your responsibility to carry your kit on included excursions and optional activities as some local operators may not have medical kits to hand.

## RESPONSIBLE TRAVEL

### Before you go

- Remove unnecessary packaging before you go - waste disposal facilities are often stretched or non-existent in the places we visit. To avoid unnecessary pollution of local water supplies take environmentally friendly toiletries with you.
- Why not invest in a wind-up or solar-powered torch or media player before you travel or at least rechargeable batteries.
- Learn some of the local language and read up on the local history/culture before you go. You'll get so much more out of your trip.
- Why not pack some pens/pencils exercise books in your rucksack and they can be donated to a local school or project while you're away. You can also purchase these items cheaply, locally which will help local businesses.
- Take a sturdy water bottle with you from home that you can re-use throughout your trip. We carry large quantities of purified water with us on our Expedition vehicles and it is much better for the environment if you drink this, rather than purchase bottled water along the way. (It also saves you money).
- Water-to-Go: Oasis Overland have partnered with Water-to-Go to help reduce the number of plastic water bottles consumed during a trip. Water-to-Go is a filtration system that eliminates over 99.9% of all microbiological contaminants including viruses, bacteria, chemicals and heavy metals from any non-salt water source. Click [here](#) and enter the code OASIS15 to purchase your [Water-to-Go](#) products at 15% discount. Water-to-Go will then donate a further 15% to Oasis Overland Charity projects.

### While you're travelling

From experience gained in running trips, we have developed our own practical and manageable environmental policy which all of our crew practice on the trips we operate, and they will share this information with you at the start of your trip. We welcome your input on this, plus any new ideas you may have, to improve our existing procedures. As a guide here's a few tips to bear in mind.

- Don't waste water. It is a scarce resource in many of the places our trips visit. On all our Ultimate and Overland Expeditions we carry large quantities of purified water with us. We encourage you to refill your own water bottles from this supply, rather than purchase bottled water along the way - much more environmentally friendly and saves you money.

- Never buy endangered species or endangered habitat products. Apart from the fact of it being illegal it also encourages the trade to continue.
- Look after and preserve the areas we visit. Be careful about stepping on coral reefs or trekking on undesignated tracks.
- Buy locally made crafts and products helping to support the local economy.
- Don't feel when bargaining that you have to get the cheapest price possible just for the sake of it. Pay what the item is worth to you & don't worry about what someone else has paid.
- Try the local food and drinks - this will help to support local farmers and food sellers. Sitting in a local cafe is also a great way to meet local people.
- Dispose of litter appropriately on your trip. This includes cigarette butts. Not only does litter look unsightly it can be lethal to wildlife.
- Where any toilet facilities exist, however unsavoury they might seem to you, they should be used. Where they do not, always bury your waste and make sure it is never near (at least 30m) a water source.
- When game viewing do not encourage your guides to get too close to the wildlife so that their natural behaviour is impeded.
- Respect local customs, traditions and beliefs of the people in the different regions that you travel through.
- Do not take photos of people, ritual events or special places unless you have asked first. Dress appropriately according to local codes and show respect around religious festivals.
- Recycling is almost non-existent in many of the areas and countries we visit - we do the best we can with limited resources & space on our vehicles.
- For books dedicated to travelling more responsibly & ethically see: [www.tourismconcern.org.uk](http://www.tourismconcern.org.uk)

**Community Projects** - Oasis are active in raising awareness and providing support to a number of projects and local schools where we believe we can make a positive difference. More information on the [projects we support](#).

## ADDITIONAL INFORMATION

### African Wildlife and the Migration

**Wildlife** - View a [chart](#) detailing what animals you may see in the various gameparks and reserves we visit between Nairobi and Johannesburg.

**The Migration** - The '[Great Wildebeest Migration](#)' has to be one of the most impressive wildlife spectacles in the animal kingdom. For those lucky enough, this once in a lifetime experience can be viewed in the surrounds of The Serengeti National Park/Ngorongoro Conservation Area of Tanzania and the Maasai Mara of Kenya and can be done before or after your trips with us.

## TRAVEL INSURANCE

It is a compulsory requirement that you have adequate travel insurance before you join any Oasis Trip, and at the very least are insured for all necessary medical & repatriation costs incurred if you need them.

You will be asked to provide the following details on the Traveller Information Form that you send in to us after making your booking. If you have not already done so: travel insurance name, insurance policy number & insurance emergency telephone number. You will also be required to give a copy of your policy with this information to your Tour Leader on arrival with confirmation that the policy duration is sufficient to cover you for the entire duration of your trip. ## WHAT TO EXPECT

---

### LIFE ON THE ROAD

The Oasis truck will be your new home giving you a comfortable, secure base with which to experience your trip. As part of the adventure you will be expected to have an active involvement in the day to day running of the trip, be part of the group and get stuck in and help with various tasks, whether it's cooking meals over open fires, pitching your tent or keeping the truck clean and tidy.

### Seatbelts

All Oasis Overland trucks are fitted with seatbelts. For your own safety and security we recommend that travellers wear these at all times whilst the vehicle is moving. Our overland trucks in Africa also have a 'beach area' which is a chill out zone to be used when the truck is not moving.

### Accommodation

This tour has been designed to stay in a wide range of different accommodations to provide you with a good experience of exploring Africa in different ways.

**Camping** - Oasis uses roomy three-person tents that on our adult group trips we use for just two people to share. They are specially made for us to meet the tougher conditions of an overland trip and have mosquito netting sewn into the door and windows. You will be able to split your family between one, two or more tents depending on the size and make-up of your family. If we are full though, it will not be possible to have a tent to yourself. All our camping nights are spent in organised campsites, or camping grounds at lodges. Facilities and standards at campsites vary, some are well equipped and managed and some are very basic. At certain campsites there is the opportunity to upgrade to a private room at your own expense if you are missing your bed. This will be subject to availability when you arrive. Some

**Lodges / Hostels** - At some locations we will stay in lodges and hostels that are small, locally run establishments. The accommodation will vary depending on the rooming available, from dormitory style rooms, to twins/doubles or triple rooms. Upgrades may be available on arrival, but cannot be reliably pre-booked. Please refer to the individual trip inclusions for the percentage break up of your accommodation.

**Upgrades** - While we are staying at Ngepi Camp, we will be using our Oasis tents and camping. However, there are upgrade options available to book in advance there if you would like some more comfort and to stay in one of their riverside Treehouses or Bush Huts (away from the river). Please contact us to check availability and for booking.

### During the day

As a guide, driving days normally start at about 8am and finish at about 5pm, with stops for lunch and buying food, seeing local sights etc. We won't be driving every day, although there are times when we will drive for two, but we will then stop for a few days and you will have free time to explore, meet

local people, do some optional activities or just relax and do your own thing. Expect to sometimes get dusty & dishevelled during the day and although you will be able to shower most nights (except at bush camps), not all camps will have hot showers. There will be some earlier starts on long driving days.

## **Meals & cook groups**

When 'on the road' or camping, we usually cook using gas or over open fires in a rota system and you can expect to cook in a group of three or four people probably only once or twice on the trip, depending on the number of people on trip and whereabouts you are. Your cook group will have to decide on what to cook, utilise stocks from the truck stores and locally obtain ingredients from markets, shops etc. and rustle up a meal. But don't worry if you're not a Gordon Ramsay as the rest of the group and the Tour leader usually lend a helping hand. Here is an idea of what to expect at meal times:

**Breakfasts:** Usually simple - we help ourselves to cereal, toast, hot drinks and on occasion we will splurge with a cooked breakfast.

**Lunch:** Cold and usually quick. The cook group will put out bread, tinned supplies and maybe make a salad.

**Dinner:** Cooks come into their own in the evening, and will always attempt to cook up some delights. When the truck is parked up for a few days in a town or city most people usually like the option to eat out at local restaurants - so we often don't cook all meals when at these locations. Several group meals at local restaurants are also included on this trip.

**Vegetarians / Vegans / Coeliacs / Gluten & Lactose intolerance** - Our Tour Leaders will always do their best to cater for any dietary requirement or intolerance whenever possible. However we do not cater for fussy eaters. It must be remembered that the variety of dishes available may not be the same as available to meat eaters. If there is anything in particular you require in your diet or because of an allergy or would miss from home, it would be best to bring these with you, as these cannot be purchased with the set budget due to the high cost of these specialised and often imported foods.

Remember that when eating out in local restaurants & hotels that vegetarianism or food allergies / intolerances, are still not widely known about or understood by many local people. i.e Vegetarians or Vegans will often be offered fish or chicken in error. Most large towns and cities, or areas used to tourists, will often have more choice but please be aware that it will probably not be as varied as you are used to when eating out at home.

## **In the evenings**

When at a bushcamp or campsite where you and your tent buddy will put up the tent, and then lend a hand with getting out the tables, stools, firewood and water containers. The fire grates need to be taken out, the fire lit and someone can fill the kettle and make hot drinks while the cook group prepares the evening meal. Then just sit back & chill and enjoy the rest of your evening!

## **Oasis Crew**

We usually have two crew whose duties are extensive and quite demanding, with challenges ranging from driving and maintaining the expedition vehicle to a high standard, to organising visas and border crossings, arranging accommodation, pre-booking some excursions and guides, helping with shopping and cooking as well as finding the best deals, socializing and making sure everything runs as smoothly as possible. While our crew are usually experienced and knowledgeable they are not tour guides as such. Our trips pass through many countries and our tour leaders cannot be expected to have detailed knowledge of each country's history, flora and fauna and archaeological sites. Even so - they will be more than willing to pass on any interesting and useful information that they have acquired whilst on the road. A rewarding way to gain a better insight into the wildlife, cultural and historical diversity of the countries we travel through is by reading guide books as well as talking to the local people and using local guides.

Adventure travel can be unpredictable and occasionally our crew may have to amend the itinerary to take into account changing local circumstances or because of a delay at a border or because of circumstances outside our control. This can all lead to additional work and commitment for our crew who will do all they can to minimize any disruption to the trip. While our crew are essentially on call 24 hours a day 7 days a week, it has to be remembered that no one is actually expected to work these hours, so at Oasis we are realistic that within a trip there will be times when our crew need 'down time' and a chance to relax and 'let their hair down' as well. They are only human!

## **Itinerary**

Because Oasis Overland do not operate normal 'package holidays' the itineraries given cannot be guaranteed to run exactly as outlined. However, it is rare that we have to make major changes and in the event that we do this will be discussed with you either before or during the trip. It is important to bear in mind that should it not be possible to enter a certain country due to safety concerns, visa problems or political turmoil etc, and it becomes necessary to fly over a country in order to continue a trip, that all costs for flights will be borne by you and not Oasis. Should it not be possible for an Oasis trip to begin from a scheduled starting city due to border closures, civil unrest etc, Oasis will make all reasonable efforts to begin the trip from an alternative location. However, all additional costs that you may incur in travelling to the alternative location will be paid by you or your insurance company and not Oasis.

## **TRIP ITINERARY**

---

### **Arrive in Nairobi**

Welcome to Kenya! Today is arrivals day where you'll be met from your flight at Nairobi airport and transferred to our camp for the start of the trip. If you arrive early there are various optional excursions you can arrange such as visiting the orphaned elephants at David Sheldrick Wildlife Trust. Or just relax at camp and recover from your flight.

*Meals: No meals included today*

*Overnight: Wildebeest Eco Camp - garden tents*

### **Nairobi. Pre-trip briefing, Giraffe Centre**

This morning we will have our pre-departure meeting where your crew will show you around our overland truck, your home for the next few days, as well as demonstrate how to put up and break down your tent and what to expect from your family overland adventure.

Our first wildlife experience of the trip will be right here in Nairobi at the Giraffe Centre, a sanctuary and conservation centre for the East African Rothschild Giraffe. Here you can observe these incredible creatures at close hand and even look them in the eye from a raised platform.

*Meals: Breakfast at camp, lunch eaten at the truck and an evening group meal included*

*Overnight: Wildebeest Eco Camp - garden tents*

### **Nairobi to Meserani Snake Park**

We board the truck early this morning for our first drive, taking us south across the border into Tanzania. Journeying across vast grasslands, we'll pass villages and people going about their daily lives on our way to the town of Arusha. We will camp tonight at Meserani Snake Park on the outskirts of Arusha and get ready for tomorrow's safari into the Serengeti.

*Meals: Breakfast, lunch and dinner eaten at the truck*

*Overnight: Meserani Snake Park - camping*

### **Serengeti Safari, Olduvai Gorge**

Our safari guides and drivers will collect us after breakfast in specialist safari vehicles, and we'll begin our journey to one of the most famous wildlife reserves in the world, the Serengeti National Park. Passing through rolling hills, we stop at Olduvai Gorge, a UNESCO World Heritage site where fossils of early man have been unearthed and given us incredible knowledge of our own evolution. We visit the museum for wonderful views over the gorge and to learn about the site, see the fascinating fossils found here as well as tools used by early man.

We continue to our camp for the night on the Serengeti Plain, where our tents and evening meal will be ready for us.

*Meals: Breakfast eaten at the truck, picnic lunch and dinner at the campsite*

*Overnight: Seronera campsite - camping*

### **Serengeti wildlife safaris**

Early this morning we head out in our safari vehicles for our next game viewing drive, hoping to spot some of the Serengeti's vast range of wildlife. We'll look out for well known species like lion, cheetah, elephant, giraffe, hippo and buffalo as well as lesser known characters that may be new to grown ups and children alike, such as the dik dik, topi, dung beetles and mongoose. Depending on the season, we may view vast herds of wildebeest and a wide array of birdlife is usually seen.

After a morning's game drive, we will return to camp for lunch and time to relax before heading out again in the afternoon, driving through different areas and looking for animals we didn't see this morning. Keep your binoculars and cameras at the ready!

*Meals: Breakfast, lunch and dinner at the campsite*

*Overnight: Seronera campsite - camping*

### **Serengeti safari, Masai village**

We start with an early morning game drive or you have the option to take a hot air balloon ride over the plains – an incredible experience and a unique way to look for wildlife! Please note the Balloon Safari is an optional activity at additional cost and must be booked in advance. After an early lunch at camp we start to head towards the rim of the Ngorongoro crater, visiting a traditional Masai Boma (village) on the way, before reaching our overnight stop at Simba Campsite. If time allows, we'll take a guided walk through the more forested countryside of the rim of the crater, a big contrast to the grassy plains we've mainly been exploring so far.

*Meals: Breakfast, lunch and dinner at the campsite*

*Overnight: Simba campsite - camping*

### **Ngorongoro Crater safari, back to Arusha**

Today's safari takes us from the rim to the floor of the crater which is home to a huge range of animal and plant species. This area has possibly the highest concentration of game animals in the whole Africa! We should see herds of zebra and wildebeest, family groups of hyenas and elephants and maybe glimpse the rare leopard or black rhino. There are also healthy populations of lions and cheetahs, so this morning should be packed with highlights. We'll stop for a picnic lunch on the crater floor before a final game drive out of the crater and then the return journey back to Arusha where our overland truck and crew are waiting for us.

*Meals: Breakfast at the campsite, picnic lunch, dinner eaten at the truck*

*Overnight: Meserani Snake Park - campsite*

### **Arusha to Marangu**

Our family overland journey continues this morning bringing us to the town of Marangu, in the foothills of Africa's most iconic mountain, Mount Kilimanjaro. Hopefully we will get clear skies over the next

day or two for a view of this magnificent mountain's peak. We'll spend two nights here and we have some free time this afternoon to settle in and relax after our few days of driving and being on the look out for wildlife!

*Meals: Breakfast and lunch eaten at the truck and an evening group meal included*

*Overnight: Marangu Hotel - camping (upgrades may be available)*

### **Marangu village walk**

Today we'll go on a village walk, taking in the lush environment and seeing caves and waterfalls and walking through coffee plantations. We may also have the opportunity to see a local blacksmith at work. For those that enjoy a more adventurous hike there is the option to trek to one of the base camps on Kilimanjaro.

*Meals: Breakfast, lunch and dinner eaten at the truck*

*Overnight: Marangu Hotel - camping (upgrades may be available)*

### **Marangu to Bagamoyo**

Leaving Marangu, we drive south and head to the beach! Bagamoyo is a beautiful beach on the Indian Ocean and a great spot to break our journey on our way to Dar es Salaam.

*Meals: Breakfast and lunch eaten at the truck, group dinner*

*Overnight: Firefly - camping*

### **Ferry crossing to Zanzibar**

We continue to Dar es Salaam where we say goodbye to our overland crew and truck and board the ferry to take us to Zanzibar Island! Our friendly local Oasis representative Daniel will meet us from the ferry from where we transfer to Nungwi, another fabulous beach location where we will spend the next 4 nights. He'll give everyone a briefing about the island and all the various activities available during your stay.

*Meals: Breakfast eaten at the truck. Lunch and dinner at your own expense.*

*Overnight: Baraka Bungalows or similar - rooms*

### **Spice Tour and Stone Town**

Today we'll gain in insight into Zanzibar's rich history on a Spice Tour. Venturing into the busy, narrow streets of Stone Town, we explore the spice market, taking in all the sights, sounds and smells! We can imagine the grim days of the slave trade as we walk around old slave forts and delve into dungeons before travelling out to working farms to learn how spices are produced along with other local fare. A delicious local lunch is included during the tour.

*Meals: Breakfast at our accommodation. Lunch on the tour, and dinner at your own expense.  
Overnight: Baraka Bungalows or similar - rooms*

### **Free time at the beach**

We have a free day today to snorkel, swim with dolphins, scuba dive or just enjoy Zanzibar's famous white beaches! Our local representative will help you to arrange any optional activities.

*Meals: Breakfast at our accommodation. Lunch and dinner at your own expense.  
Overnight: Baraka Bungalows or similar - rooms*

### **Another day at the beach**

Free time again today to enjoy your last full day on Zanzibar. This evening we will have a group meal to mark our last night on the trip and reminisce about our adventures over the last two weeks!

*Meals: Breakfast at our accommodation. Lunch at your own expense. Group meal included this evening.  
Overnight: Baraka Bungalows or similar - rooms*

### **Departure from Zanzibar**

After breakfast, our family adventure comes to an end. Your transfer to Zanzibar airport is included.

Extra nights can be arranged if you wish to have a longer stay on Zanzibar.

*Meals: Breakfast at our accommodation.*

We feel that having optional excursions gives a greater degree of flexibility and independence to our group members; independence to decide how much your spending budget can afford; flexibility to decide when and what time of day or with whom to visit a particular site, rather than for example, with the whole group at a pre-ordained time.

You pay for the optional excursions to the local operator, ensuring the money stays with that operator in the local community and this ensures as well, that you are paying the true price for any optional excursions you want to do. This also applies to accommodation costs before and after the trip. Please note that the prices of optional excursions quoted are approximate as local prices can and do change. Please see the relevant trip page for the Optional excursions you can do on that trip and a list of prices.
